1998 Jeep Grand Cherokee Transmission Fluids, Oils ...

Your Jeep Grand Cherokee's transmission fluid is a hydraulic fluid, and has three main jobs: Lubricant- Just like motor oil it keeps the many complex mechanical parts inside of a transmission from wearing out. Coolant- Here it does the same job as antifreeze going through a motor.

Jeep Wrangler manual transmissions are durable. However, checking the transmission fluid in your Jeep Wrangler is an essential part of proper maintenance. If you let the transmission fluid in your vehicle get too low, it can cause major damage and could potentially result in a ruined transmission.

For the answer, consult your Jeep Owner's Manual. Unless there's a leak or a problem, some newer transmissions are designed to never need a fluid change. But let's say your car does need a...
