In Just Breathe by Chelle C. Craze, her debut novel, we are introduced to Cassandra Anderson, a 24 year old sexual abuse survivor. She suffers from depression, panic attacks and major trust issues after her assault. Her mother found her, and then disappeared. All she has in the world is her best friend Dartanya, or Dar, a fellow survivor.

Chelle definitely distinguishes these story from book 1, even though we are introduced to these characters in Just Breathe their story is very different than Cass and Lucas. Their burdens, their past and the events that take place in the present are a bit darker, twisted and at times hard to endure.
