"The book traces a complex history of neo-classicism in which new allegorical forms flourish and older ones are constantly revitalized. Brown reveals the allegorical survivals in the works of such major figures as Shakespeare, Calderón, Racine, Vondel, Metastasio, Goethe, and Wagner and reads tragedy, comedy, masque, opera, and school drama together rather than as separate developments." --book jacket.

Unexpected lovers find themselves together in Spindle Cove with *A Week to be Wicked*—the second book in Tessa Dare's utterly delectable historical romance series. This Regency Era delight finds a restless British lord desperate to escape the

quaint and too quiet small seaside resort he's trapped in...and he gets much more than he expected when he eagerly agrees to escort a beautiful, brilliant, socially awkward lady scientist to Scotland. Concerning Tessa Dare and her irresistible romances, bestselling author Julia Quinn is spot on when she says, "Prepare to fall in love!" And anyone who loves the novels of Lisa Kleypas, Christina Dodd, and Liz Carlyle is going to adore having *A Week to be Wicked*.

From two best-selling authors comes intrigue and romance set in the opulent Thousand Islands resort area at the turn of the century.

Accessible essays place Kafka in historical,

political and cultural context, providing new and often unexpected perspectives on his works.

The original, unforgettable and thought-provoking new novel by award-winning author Chris Flynn that will change how readers understand the world. Narrated by a 13,000-year-old extinct mammoth, this is the (mostly) true story of how a collection of prehistoric creatures came to be on sale at a natural history auction in New York in 2007. By tracing how and when these fossils were unearthed, *Mammoth* leads us on a funny and fascinating journey from the Pleistocene epoch to nineteenth-century America and beyond, revealing how ideas about science and religion have shaped our world. With our planet on the brink of

calamitous climate change, Mammoth scrutinises humanity's role in the destruction of the natural world while also offering a message of hope.

a guide to various places that were revitalized through movies or a drama series

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the histo-

ry of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—American Journal of Archaeology "An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

Written by and for baseball fans (or those trying to live with one), this collection of essays joins a perennial conversation all fans have—"Why do we love baseball?" Thirty contributors share personal narratives of how they found an abiding passion for the sport and how their relationship to it

changed over the years. Tracing the thematic arc of a typical season, the essays begin with stories of spring training optimism, followed by the guts and grind of the regular season, and ending with the glory (or heartbreak) of the playoffs.

"Drakon Lyonedes has it all: power, wealth, sex appeal-- and any woman he wants! Until the beautiful Gemini Bartholomew steps into his life, that is. Confronting him over his plan to turn her family home into a hotel, Gemini intrigues Drakon. The problem? Long-term just isn't in this infamously arrogant tycoon's vocabulary-- and Gemini is a virgin who surely wants more than one night of sizzling, scorching passion. She's determined to defy him, but whose willpower will prove the strongest?"--P. [4] of cover.

ERAGON When Eragon finds a polished stone in the forest, he thinks it is a lucky discovery - perhaps it will buy his family meat for the winter. But when the stone becomes a dragon hatchling, Eragon soon realizes he has stumbled upon a legacy nearly as old as the Empire itself. Overnight his simple life is shattered and he is thrust into a perilous new world of

destiny, magic and power. With only an ancient sword and the advice of an old storyteller for guidance, can Eragon take up the mantle of the legendary Dragon Riders? ELDEST Eragon and his dragon, Saphira, have just saved the rebel state from destruction by the mighty forces of King Galbatorix, cruel ruler of the Empire. Now Eragon must travel to Ellesméra, land of the elves, for further training in magic and swordsmanship, the vital skills of the Dragon Rider. It is the journey of a lifetime, filled with awe-inspiring new places and people, each day a fresh adventure. But chaos and betrayal plague him at every turn, and as his cousin Roran fights a new battle back home in Carvahall, Eragon is put in even graver danger. . .

Pop City examines the use of Korean television dramas and K-pop music to promote urban and rural places in South Korea. Building on the phenomenon of Korean pop culture, Youjeong Oh argues that pop culture-featured place selling mediates two separate domains: political decentralization and the globalization of Korean popular culture. The local election system introduced in the mid 90s has stimulated strong desires among city mayors and county and district governors to develop and promote their areas. Riding on the Korean Wave—the overseas popularity of Korean entertainment, also called Hallyu—Korean cities have actively used K-dramas

and K-pop idols in advertisements designed to attract foreign tourists to their regions. Hallyu, meanwhile, has turned the Korean entertainment industry into a speculative field into which numerous players venture by attracting cities as sponsors. By analyzing the process of culture-featured place marketing, Pop City shows that urban spaces are produced and sold just like TV dramas and pop idols by promoting spectacular images rather than substantial physical and cultural qualities. Popular culture-associated urban promotion also uses the emotional engagement of its users in advertising urban space, just as pop culture draws on fans' and audiences' affective commitments to sell its products. Oh demonstrates how the speculative, image-based, and consumer-exploitive nature of popular culture shapes the commodification of urban space and ultimately argues that pop culture-mediated place promotion entails the domination of urban space by capital in more sophisticated and fetishized ways.

THE STORY: SHINING CITY is set in Dublin, where a guilt-ridden man reaches out to a therapist after seeing the ghost of his recently deceased wife. Wrestling with his

own demons, the therapist can only do so much to help. Routine visits between the Winner of the National Book Critics Circle Award and the Man Booker Prize: An “extraordinary” novel “lit by a moral intelligence at once fierce and tender” (The New York Times Book Review). In a crumbling, isolated house at the foot of Mount Kanchenjunga in the Himalayas, an embittered old judge wants only to retire in peace. But his life is upended when his sixteen-year-old orphaned granddaughter, Sai, arrives on his doorstep. The judge's chatty cook watches over the girl, but his thoughts are mostly with his son, Biju, hoptotching from one miserable New York restaurant job to another, trying to stay a step ahead of the INS. When a Nepalese insurgency threatens Sai's new-sprung romance with her tutor, the household descends into chaos. The cook witnesses India's hierarchy being overturned and discarded. The judge revisits his past and his role in Sai and Biju's intertwining lives. In a grasping world of colliding interests and conflicting desires, every moment holds out the possibility for hope or betrayal. Published to extraordinary acclaim, The In-

heritance of Loss heralds Kiran Desai as one of our most insightful novelists. She illuminates the pain of exile and the ambiguities of postcolonialism with a tapestry of colorful characters and “uncannily beautiful” prose (O: The Oprah Magazine). “A book about tradition and modernity, the past and the future—and about the surprising ways both amusing and sorrowful, in which they all connect.” —The Independent

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating

culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

An unassuming scientist takes an unbelievable adventure in the Middle East in this “extraordinary” novel—the inspiration for the major motion picture starring Ewan McGregor (The Guardian). Dr. Alfred Jones lives a quiet, predictable life. He works as a civil servant for the National Centre for Fisheries Excellence in London; his wife, Mary, is a determined, no-nonsense financier; he has simple routines and unassuming

ambitions. Then he meets Muhammad bin Zaidi bani Tihama, a Yemeni sheikh with money to spend and a fantastic—and ludicrous—dream of bringing the sport of salmon fishing to his home country. Suddenly, Dr. Jones is swept up in an outrageous plot to attempt the impossible, persuaded by both the sheikh himself and power-hungry members of the British government who want nothing more than to spend the sheikh's considerable wealth. But somewhere amid the bureaucratic spin and Yemeni tall tales, Dr. Jones finds himself thinking bigger, bolder, and more impossibly than he ever has before. Told through letters, emails, interview transcripts, newspaper articles, and personal journal entries, Salmon Fishing in the Yemen is “a triumph” that both takes aim at institutional absurdity and gives loving support to the ideas of hopes, dreams, and accomplishing the impossible (The Guardian).
