This new Second Edition of this book is written by attorneys and published by Davenport Press. This book focuses on Pennsylvania Wills and Estate Planning legal documents which deal with how a person can control on absence, illness, or death their health care, end of life issues, all property, money, children and family, funeral and burial, and more. After a review of state law this book has legal forms (with filled out sample forms) to let people quickly make binding legal documents, including: (1) Last Will And Testament (With Guardians) (this form is a Will that lets people give property and control other issues after their death, and this form has a "Guardians" paragraph to name guardians to care for persons under 18 and their property in case this is ever needed); (2) Last Will And Testament (No Guardians) (this is a Will form like Form 1 but with no paragraph on guardians and is for people with no child under 18 and not giving things to any minors); (3) Self-Proving Affidavit (this form is often done with a Will to help the later process after a death of proving a Will was signed correctly, and this form makes it more likely a Will is followed); (4) Tangible Personal Property List (lets people write down in lists outside a Will wanted gifts to occur on death of "tangible personal property" like clothes, furniture, vehicles, and jewelry); (5) Codicil (this form can

make changes to an existing Will, but most just do a new Will); (6) Durable Health Care Power Of Attorney And Health Care Treatment Instructions (Living Will) (in case a person later can't control their health care this form lets a person name a "Health Care Agent" to control things (often a spouse or friend), and if wanted give health care orders); (7) P.O.L.S.T. (this form which stands for "Pennsylvania Orders for Life-Sustaining Treatment" but is often called a "Do Not Resuscitate" tells paramedics and others not try to restart the heart or breathing (usually called C.P.R.) and certain other major actions); (8) Durable Power of Attorney (this form lets power over a person's accounts, property, money, and more be shared with person like spouse or trusted friend to let them control and do things); (9) Medical Consent Authorization (For Child) (this form lets parent give power over a child's medical care to someone to let them control this to help or because parents may be away); and (10) Statement Of Contrary Intent (For Body) (rather than as normal a person's closest family controlling the dead body and funeral and burial, this form lets a "contrary intent" than this be said and an agent and instructions be given for this).

One of the fastest ways to transfer property after your death is through a living trust because trusts are not required to go through probate court. In addition to saving time and avoiding probate costs, a trust lets you control who will receive property after you die. "8 Living Trust Forms" helps you create your own living trust forms to meet your needs. You'll discover how to: avoid probate, distribute property quickly, keep property distributions private, provide an alternative to creating a will, ensure your possessions will be distributed as you wish, reduce the potential family conflicts, and much more. For many people, a will is their first choice for passing on property to their loved ones, but it's not the only document that should be considered. Both a will and living trust contain your inheritance instructions, meaning they state who gets what property, when they will get it, and how they will get it. To create a living trust, a lawyer is not required or necessary, especially for simple living trusts. All you really need is a little bit of intelligence and the right information. A living trust can be an important part--and in some cases, the most important part--of your estate. A living trust can help ensure that your assets are managed according to your wishes, even if you become unable to manage the trusts yourself. Sample Living Trust Forms Include: Single Person Living Trust Married Living Trust Married AB Living Trust Florida Witness Statement for Living Trust Assignment of Property to a Living Trust Affidavit of Assumption of Duties by Successor Trustee Living Trust Amendment Revocation of Living Trust Checklist The Legal Self-Help Guide series provides information to those who want to understand their legal rights and responsibilities in an effort to resolve legal problems or know enough to feel confident in their decision to retain legal counsel. Codicil to a Last Will & Testament A codicil is a simple document that allows you to make amendments to your last will and testament. In most cases, the amendments made by a codicil are relatively minor. For example, they may seek to appoint new executors, make new gifts or release people from debts. However, in other cases, the amendments can completely change the nature of the will - such as where you change the identity of the person who will receive the residue of your estate. Codicils are fairly simple to complete and use. In most cases, they simply refer to the existing clause of the will that needs to be amended and specify details of the amendment that is required. Once the codicil is completed, it needs to be signed and witnessed in accordance with the same strict legal requirements that applied to the execution of the original will. This self-help legal kit includes step-by-step instructions, detailed information and all the legal forms necessary to prepare your own codicil without the need or expense of engaging a lawyer. Once the codicil is completed, it needs to be signed and witnessed in the same way that the original will was. As well as including various examples of the changes that you might wish to make to your will, this self-help kit includes step-by-step instructions, detailed information and all the legal forms necessary to prepare your own codicil without the need or expense of a lawyer. ✓ Explores legal issues involved in preparing a codicil ✓ Includes examples of changes you can make to a will ✓ Includes a worksheet to identify potential changes ✓ Step-by-step instructions ✓ Downloadable templates
