Lapis Lazuli | Steven Universe Wiki | Fandom

Like all other dyes, lapis lazuli can be: Applied to sheep to dye their wool, which can then be sheared for 1-3 blocks of blue wool. Applied to tamed wolves to dye their collars. Used to dye/stain wool, leather armor, beds, glass, terracotta and shulker boxes. Combined with gunpowder to make a firework star.

The Lapis Lazuli crystal meaning is associated with the third eye chakra, the energy center that processes the essence of your inner spirit. When you wear the stone as jewelry or meditate with a single tumbled stone, you can channel the ancient Egyptians and their belief in its power to stimulate a connection to the spirit world.

Lapis lazuli. Today, mines in northeast Afghanistan are still the major source of lapis lazuli. Important amounts are also produced from mines west of Lake Baikal in Russia, and in the Andes mountains in Chile. Smaller quantities are mined in Italy, Mongolia, the United States, and Canada.
