In Leonardo to the Internet, historian Thomas J. Misa provides a sweeping comparative history of the interrelationship between technology and society since the Renaissance, revealing how technological innovations have been shaped by the cultures in which they arose--and how such technologies have, in turn, shaped these cultures.

LEONARDO TO THE INTERNET takes a broad historic look at the defining technologies of eight different eras between the 15th century and today. The author, Thomas Misa, is a professor in the Department of Humanities at the Illinois Institute of Technology in Chicago.
