LETTERS TO A YOUNG CHEF by Daniel Boulud | Kirkus Reviews

Letters to a young chef is essentially a diary of how hard the food industry is, written by someone who genuinely knows about the hardship of the food industry. The first few chapters may be a little intimidating, but anyone with pure moral values, passion, and a pinch of talent/creativity will love it.

Daniel Boulud was born in France in 1955 and trained under renowned chefs Roger Verge, Georges Blanc, and Michel Guerard. He moved to the United States, where he served as Executive Chef at Le Cirque in New York.

Part memoir, part advice book, part recipe book, LETTERS TO A YOUNG CHEF offers a

frank look into the life of a chef. As Boulud puts it, "It takes sacrifice. It will require an understanding that you will work very long hours and not have much of a personal life, but if it is your passion, as it is mine, you do not have much of a choice."

A young Chef always dreams of creating their own menu. When I became aware of the opening at Cloud Clearwater, I knew it was the right opportunity for me to pursue. I read Daniel Boulud's Letters to a Young Chef on a recent vacation and came away from it both charmed and depressed. Charmed by Boulud's love and care for the craft of being a chef and the art that comes from elevating one's craft to the level of excellence.

My chef is a head chef, we have been together 8 years, recently engaged, and living together 2 years. We are now planning to start a family. He works 12+ hours everyday, some weeks he only gets one day off, sometimes he still needs to 'nip into the kitchen for a few hours'. I get the nagging! I know I should not do this, it's so

hard.

In Letters to a Young Chef, Boulud speaks not only of how to make a career as a chef in today's world, but also of why one should want to do so in the first place. As he himself puts it, it is a tasty life.
