"It is a fact not generally known that William Thackeray based the heroine Becky Sharp from Vanity Fair on the notorious aristocrat and sometime courtesan Henrietta Lightfoot, whose scandalous memoirs have recently been discovered in an attic..." Henrietta was born the illegitimate daughter of the 4th Earl of Stavourley and his mistress, the courtesan Kitty Kennedy. When her lover, Baron Allenham mysteriously vanishes, Henrietta embarks on a quest to find her one true love. Her epic journey takes her through a Europe in turmoil, from the elite town houses and theatres of London, to the hedonistic Palais Royale in Paris, just as the city implodes into revolution. Henrietta is on the road to maturity and power as she evolves from innocent, frightened victim into cunning mistress of the world...

In addition to a study of his tour of Scotland, and of the publication of 'Flora Scotica', there are chapters on Lightfoot's tours of Devon and Cornwall, and Wales. The book is enhanced by a fine biographical introduction, and a meticulous catalogue of the Lightfoot Herbarium, held at the Royal Botanic Gardens, Kew.

Nominee for the 2012 Silver Birch Express Award in the Ontario Library Association's Forest of Reading Program This lavishly illustrated book brings Gordon Lightfoot's heart-stirring song, "Canadian Railroad Trilogy," to readers young and old. The song was commissioned by the CBC in 1967 to mark Canada's centennial year and it has been a classic ever since. It eloquently describes the construction of the Canadian Pacific Railway -- "an iron road runnin' from the sea to the sea" -- a great feat of nation building that changed Canada forever for good and for ill, as in the process many people died and were dispossessed of their land. Highly acclaimed, award-winning illustrator Ian Wallace brings the song to visual life with his sweeping landscapes and evocative portrayals of the people who lived

the building of the railroad -- from the financiers in the east to First Nations people across the country to the thousands of navvies themselves, many of whom came from as far away as China.

"This is the first full length scholarly treatment of the life and work of J. B. Lightfoot. Using large quantities of unpublished sources Geoffrey R. Treloar presents a picture of Lightfoot in relation to the social and cultural conditions of his day and explains the breakthrough the achieved for the higher criticism of the New Testament in the English Church."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. This book is a sequel to the author's previous work that studied the life of Sir John Forbes (1787-1861). Lightfoot Winds focuses on events taking place during Forbes' service as a ship's surgeon in the Royal Navy during the Napoleonic Wars between 1807 and 1815. The book gives an insight into naval life as authenticated by the Ships' Logs and Muster Books of those vessels in which the Scottish doctor served at a time when the Royal Navy enjoyed command of the oceans, following Nelson's victory at Trafalgar in October 1805. Forbes and fellow medical officers were fortunate that the dreaded scurvy was by now virtually eliminated from the Fleet, a topic covered in some detail here. But there were many other challenges to be overcome in keeping a ship's company fighting fit in a war that raged, under sail, over thousands of miles of ocean.

Lightfoot stamped his hoofs on the hard rocks, shook his horns, wiggled the little bunch of whiskers that hung beneath his chin, and called to another goat who was not far away: "I'm going up on the high rocks!" "Oh, you'd better not," said Blackie. "If you go up there you may slip and fall down here and hurt yourself, or some of the big goats may chase you back." "Well, if they do I'll just jump down again," went on Lightfoot, as he stood on his hind legs. "You can't jump that far," said Blackie, looking up toward the high rocks which were far above the heads of herself and Lightfoot.
