The experts at National Geographic present a delightful reference that introduces young children to bugs of all kinds: big and small

National Geographic Little Kids First Big Book of Animals ...

The Little Kids First Big Book of Space is an excellent resource! She marveled over fun facts about the different planets in our solar system and was wowed by the size of our universe. She enjoys reading the book to herself and loves trying to sound out the names of the planets and their moons. A whole lot of giggling has been going on.

Amy Shields is a longtime editor of National Geographic books who is known for her work in children's literature. She has written several popular titles, including Little Kids First Big Book of Why and numerous installments for the National Geographic Readers series. Shields lives in upstate New York with her beloved dogs, Jenny and Toby.
