"Baronett's Logic is light-years better than its competitors, and does the best job I have ever seen of putting together classic, old-school precision with the most progressive, interactive online companion resources available.

Stan Baronett is the author of Journey Into Philosophy (2016).

**Logic / Edition 2 by Stan Baronett | 2900199846312 ...**

"The key strength of Logic as a whole is Baronett" s style and ability to speak to students. The explanations are clear, on point, and easy to grasp. The examples connect with our intuitive ability to reason and ease students into the rigors of formal logic, without sacrificing any clarity or precision.

In addition to clear and detailed coverage of logic theory, author Stan Baronett emphasizes real-world applications of the principles of logic. Because of this dual focus—on how to think logically as well as how to apply logic in everyday situations—this text shows students how life takes logic.
