"It's Time to Be Inspired" is a book that encourages people to live their best lives and to pursue their dreams regardless of their circumstances. Above all, the author wishes to play a role in bringing about positive change in the world. "I wrote this book because I want to do my part, even if it's a small part, in effecting positive change. The author firmly believes in a world where we are all

equal and should spend our time lifting each other rather than tearing each other down. She hopes that by writing this book, she can help people become happier and more vibrant. That, too, is not a manufactured sentiment. If there is one thing that readers and fans of Garcia's book, music, and motivational speeches can be sure of, she is real. "Being creative opens up a whole new world for me to explore and enjoy," says the author. I've learned a lot in my life. When I was younger, I couldn't communicate what I wanted to say very well, but now I feel I have more to offer. I have experienced life most remarkably and feel a profound responsibility to share with those ready to learn and be enlightened. I want to assist everyone and show them how to do things faster and better than I did. This book will inspire you to pursue your dreams, regardless of your age or stage of life. It is never too late to make a difference. Open your mind and allow me to enrich your soul, transform your mind and fill you with inspiration.

Away from the five-star hotels and beyond luxury hideaways, Tom Chesshyre travels to see the real, unexplored Maldives, skirting around the archipelago's periphery, staying at simple guesthouses, and using cargo ships and ferries. He discovers that beyond the glossy brochures lies an almost undiscovered country that is brimming with life, yet also a paradise teetering on the brink of trouble. In the Maldives outsiders used to be banned from islands not officially endorsed as tourist resorts, but now a thousand sandy shores can be visited in this remote nation deep in the Indian Ocean the flattest on Earth. This is island-hopping for the twenty-first century, sailing around 600 miles of the most beautiful islands and atolls on Earth, often to communities that have not seen an outsider for decades, ...and gatecrashing the odd posh hotel.

Travellers wanting to explore a region in-depth or repeat visitors returning to a favourite destination find these regional guides indispensable travel companions. Extra features include a full-colour fold-out regional map, inspirational front sections for planning and information for driving and travelling with a family.This sixth edition of Mauritius, Reunion & Seychelles features hot new recommendations from locals and a new chapter on the world-class diving and snorkeling for which this region is renowned."The trusted companion for a generation of independent travellers." (New York Times)

Lonely Planet explores the world's most righteous spots for riding waves in Epic Surf Breaks, the latest addition to its popular Epic series. From Java's G-Land to Hawaii's North Shore and on to Bells Beach in Victoria, Australia, surfers of all levels are sure to be thrilled. With stunning photography and gripping first hand accounts, there's no denying this ride will be epic.

The Maldives is a small and beautiful archipelago south of India, more renowned for luxury resorts than experiments in democracy. It is a country of contradictions, where tourists sip cocktails on the beach while on nearby islands local women are flogged for extramarital sex and blackmarket vodka costs \$140 a bottle. Until 2008 the Maldives also hosted Asia's longest-serving dictator, Maumoon Abdul Gayoom. A former political prisoner, Mohamed Nasheed, an environmental activist, journalist, and politician, brought Gayoom's thirty-year autocracy to a sudden end, in the Maldives' first democratic elections. Young, progressive and charismatic, President Nasheed thrust the Maldives into the spotlight as a symbol of the fight against climate change and the struggle for democracy and human rights in one of the world's strictest Islamic societies. But dictatorships are hard to defeat, enduring in a country's institutions and the minds of people conditioned to autocracy over three decades. Democracy brought turmoil, protests, violence and intense political polarization. The ousted dictatorship overthrew Nasheed's government in February 2012, supported by Islamic radicals and mutinying security forces. Amid Byzantine intrigue, the fight for democracy was just beginning.

Lonely Planet Best of China is your passport to the most relevant, up-to-date advice on what to see

and skip, and what hidden discoveries await you. Explore the Forbidden City in Beijing, marvel at the Terracotta Warriors in Xi'an, or wander around the pagodas and liling willows of Hangzhou's West Lake; all with your trusted travel companion.

Maldives Travel Guide. Tourism. Maldives have always been associated with upscale vacations. Archipelago located in the Indian Ocean includes 1190 atolls, where top-class hotels and resorts are situated. Each atoll is the focus of unique natural attractions and charming beaches. Pristine natural beauty can be called the main feature of the archipelago. It's worth noting that local beauty isn't limited to terrestrial landscapes, as the underwater world is also extraordinarily beautiful. That's why fans of diving and snorkeling prefer resting on Maldives. With regard to traditional tours and scenic walks, guests of elite resorts won't be disappointed. A significant part of historical attractions are concentrated in the capital of the archipelago, the city of Male. The starting point for many excursions is the main square of the capital, Jumhooree Maidhan. Its construction began only recently, in 1988. Today the picturesque square is one of the busiest places of the archipelago. Amazing shops and restaurants are concentrated around it, as well as picturesque streets ideal for walks. Hukuru Miskiiy is among the most notable historical sights. The age of mosque is almost a thousand years. This beautiful old building has perfectly preserved to this day. During the tour you can see symbolic drawings carved in stones; those were created by masters in the 13th century. Next to the old mosque there is a cemetery, which also has great historical value. Its territory features the tomb of Sultan Abu Al Barakat and other rulers famous for their great deeds. However, the biggest religious building is Old Friday Mosque. It's a large architectural complex including Islamic center and the mosque itself with luxurious golden domes. The mosque can accommodate 5,000 worshippers at the same time. Old Friday Mosque is the most sacred place for locals, so it is a must see place

This annual bestseller ranks the hottest countries, regions and cities for 2020, and reveals how well-planned, sustainable travel can be a force for good. Drawing on the knowledge and passion of Lonely Planet's staff, authors and online community, we present a year's worth of inspiration to take you out of the ordinary and into the unforgettable.

Lonely Planet Nicaragua is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Kayak through Central America's largest mangrove forest, experience life on a coffee farm, or chill out on idyllic white-sand beaches; all with your trusted travel companion.

In just a few decades, a tiny state has managed the feat of making itself famous in the eyes of the whole world as the example of paradise on Earth, dethroning the Seychelles or Bora-Bora. The Maldives is the kind of country that nobody knows how to position on a world map, but whose name everyone knows. We don't even know who told us about it the first time. A couple of friends returning from a honeymoon? An advertisement in the subway? A ranking of the most beautiful beaches in the world? Or one of those Powerpoint files of photos of blue lagoons that people exchanged by e-mail at the beginning of the internet? In the popular imagination, the Maldives, we never go there. It's too expensive. Will the paradise be up to our imagination? The most informed among us wonder why a supposedly paradisiacal state is so often plagued by political violence and religious fundamentalism. Environmentalist wonder whether a landscape that is proclaimed paradise should be a natural territory preserved with coral or a tourist counterfeit. This colorful book offers a 360° panorama of the history, geography and culture of the Maldives.

'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia) *Source: Nielsen BookScan: Australia, UK, USA, 5/2016-4/2017 Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

Version 3 (2016) The only ebook you need for snorkelling and diving in the Maldives. Over 300 pages of stunning fish photography, concise expert information, diagrams and easy to reference icons. Written by a Marine Biologist Tim Godfrey and and Marine Expert, Rudi Kuitert. This new edition now features Sharks and Rays. A REFERENCE FOR RESEARCHERS, DIVERS AND SNORKELLERS With almost every fish, shark and ray likely to be seen by divers and snorkellers in the Maldives and Central/Western Indian Ocean,this reference book is the perfect guide to check on those mystery fishes seen during dives. Illustrated with superb underwater photographs, with most photographs taken in the Maldives, the pages are packed with information relevant to the Maldives marine environment. The species that vary in colour, or between sexes, are all illustrated with additional photographs. The introduction explains the basics of fish science, behaviour and evolution and brief text for each species describes points of interest and differences between similar species. There are detailed drawings on fish-features, shapes and colour patterns. To assist in identifying the family, small, diagnostic silhouettes from the contents page are distributed as thumbprints throughout the book. Fishes of the Maldives Indian Ocean is easy to use, and will hopefully encourage researchers, divers and snorkellers to take greater interest in the smaller species, as well as the large.

This is Lonely Planet's guide to the world's best eco-friendly resorts and experiences. From ecolodges with cutting-edge sustainability initiatives to tours designed to protect wildlife and empower communities, you'll discover remarkable places where you can feel good about spending your time and money.

Hit the Southeast Asia hippy trail in a rickety bus packed with chickens. You'll find your nirvana at a Buddhist temple, on a perfect beach or in a bowl of noodle soup.
