Q81DDB - ANASTASIA RAMOS

Stendhal exorcised his unrequited love for a Milanese beauty w this philosophical buffet-chaud. Does he grump or whine? He's too civilized. He offers no practical lessons but rather extravagant literary exercises. With his awareness of life's absurdities and human imperfections (including his own), he presents - most seriously - worldly ideas on intimacy, jealousy, pride and national differences.

Stendhal begins his study by classifying the different types of love—romantic, passionate, or courtly—and then muses on the causes of love’s birth. He identifies the seven stages of falling in love and proffers wise advice for the ardent lover on a variety of topics, including how to “crystallize” the object of one’s desire.

On Love, philosophical discourse by Stendhal, published in 1822 as De l’amour.The work was prompted by Stendhal’s hopeless love for Métilde Dembowski. The first part of On Love is an analysis of love, in which Stendhal lists four kinds of love: physical love, purely sexual in scope; love as a social game, removed from passion; vanity love, a type necessary for high social standing; and ... Crystallization is a concept, developed in 1822 by the French writer Stendhal, which describes the process, or mental metamorphosis, in which unattractive characteristics of a new love are transformed into perceptual diamonds of shimmering beauty; according to a quotation by Stendhal: What I call 'crystallization' is the operation of the mind that draws from all that presents itself the ...

Stendhal even illustrates crystallization in a visual analogy where the city of Bologna signifies indifference and Rome stands for perfect love. The traveler begins in Bologna, indifferent, then moves through the four stages of crystallization — Admiration, Acknowledgement, Hope, Delight — and arrives in Rome in love, having enormously amplified the merits of the beloved.

The result is an intensely personal dissection of the process of falling – and being – in love: a unique blend of poetry, anecdote, philosophy, psychology and social observation. Bringing together the conflicting sides of his nature, the deeply emotional and the coolly analytical, Stendhal created a work that is both acutely personal and universally applicable.
