In *Rigging the Game* Michael Schwalbe offers a clear and compelling introduction to how the rules that shape economic life and everyday interaction generate and perpetuate inequality in American society. Guided by the questions *How did the situation get this way?* and *How does it stay this way?*, Schwalbe tracks inequality from its roots to its regulation. With its lively combination of analysis and stories, *Rigging the Game* is an innovative tool for teaching about the inequalities of race, class, and gender. In the final chapter, "Escaping the Inequality Trap," Schwalbe helps students understand how inequality can be challenged and overcome.

Pleasure is biologically desirable and good for physical and mental health. In *The Pursuit of Pleasure*, Lionel Tiger explores this aspect of human nature by focusing on the origins and forms of pleasure. Medical science has perfected a host of often astonishingly impressive methods for preventing, alleviating, or recovering from pain. Its opposite, pleasure, has not had such a well-funded and fully justified constituency. In fact, those committed to the understanding and pursuit of pleasure, are rarely accorded respect and a sense of significance. People have objected to the notion of pleasure for a variety of reasons. The most complex derive from religious convictions that the most morally admirable human life is marked by abstemiousness, suffering, even martyrdom. There is also a corresponding fear that people may pursue pleasure too avidly and with too strong a sense of entitlement, and the world's work will not get done. But just as there have been suspicions of the dangers

of pleasure, there have also been its supporters who assert its vital and joyful centrality to human experience. *The Pursuit of Pleasure* favors an agnostic approach borrowed from natural science. In lively, witty, and eminently readable prose, Tiger identifies major forms of pleasure and explores their variations, now and in the past. Pleasure, says Tiger, is not a luxury but an evolutionary entitlement that deserves to be taken seriously. As we acknowledge our need for enjoyment, we understand the need to establish balance in our lives-our need for the pursuit of pleasure.

David is frightened of the sea. He does not like it at all, not one bit. One day he finds a conch shell at the beach and takes it home. He can hear the sea trapped inside. 'Come out, sea, come out,' he says softly. 'I won't hurt you.' This beautifully illustrated story takes the reader into a child's fantasy world.

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

After being away for a year, Aphrodite is anxious to be back home. She thought she'd be able to share her experience in London with her best friend via phone. But she never received a single response from Adonis while she was gone. Finally back and able to confront him, things don't go quite the way she planned. Everything about the person she grew up with is completely different and just like everyone else, it was hard for Aphrodite to resist Adonis' new persona. They tried hard to start their friendship over and continue being best friends. Although they were able to, unexpected sparks flew between them. Before anything could continue for them, Adonis has a deep, dark secret to confess

to Aphrodite. Will she be able to accept Adonis' new lifestyle?

A ten-year-old girl relates her experiences as she and her pony train and prepare for riding competitions.

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make

the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

The seventh instalment of an epic urban fantasy series in the UK. A mixture of realism and minutely observed magickal fantasy, the story is set in Cornwall and mixes action, humour and well-realised characters.

Schiller's Essentials of Economics is the market leader for the one-semester survey course, praised for its strong policy focus and core theme of seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. The 9th edition is benefitted by Smart-Book, the first adaptive reading experience designed to engage students with the content in an active and dynamic way, as opposed to the passive and linear reading experience they are used to. As a result, students are more likely to master and retain important concepts in the survey course. As in previous editions, students are confronted early on with the reality that the economy doesn't always operate optimally, either at the macro or micro level, and are encouraged to examine the policy challenge of finding the appropriate mix of market reliance and government

regulation that generates the best possible outcomes. In addition to the suite of resources available within Connect Economics, over 100 key topics are reinforced with interesting and innovative videos on YouTube, provided to help non-majors see the relevance of economics. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

A Bonfire of the Vanities for our times, by an author who "knows her way around 21st-century wealth and power" (*The Wall Street Journal*). Since he married Merrill Darling, daughter of billionaire financier Carter Darling, attorney Paul Ross has grown accustomed to all the luxuries of Park Avenue. But a tragic event is about to catapult the Darling family into the middle of a massive financial investigation and a red-hot scandal. Suddenly, Paul must decide where his loyalties really lie. Debut novelist Cristina Alger is a former analyst at Goldman Sachs, an attorney, and the daughter of a Wall Street financier. Drawing on her unique insider's perspective, Alger gives us an irresistible glimpse into the highest echelons of New York society—and a fast-paced thriller of epic proportions that powerfully echoes Claire Messud's *The Emperor's Children* and reads like a fictional *Too Big to Fail*.
