The extraordinary true story of a young girl's courage in the face of violence and extremism, and an incredible testament to what can be achieved when we stand up for what we believe in. This illustrated adaptation of Nobel Peace Prize winner Malala Yousafzai's bestselling memoir, *I Am Malala*, introduces readers of 7+ to the remarkable story of a teenage girl who risked her life for the right to go to school. Raised in a changing Pakistan by an enlightened father from a poor background and a beautiful, illiterate mother, Malala was taught to stand up for her beliefs. When terrorists took control of her region and declared that girls were forbidden from going to school, Malala refused to sacrifice her education. And on 9 October 2012, she nearly paid the ultimate price for her courage when she was shot on her way home from school. The book follows Malala's incredible journey to recovery in the aftermath of the attack, from the life-saving surgery she receives in a Birmingham hospital to her reunion with her family and their eventual relocation to England. Today Malala is a global symbol of peaceful protest and the youngest ever person to be awarded the Nobel Peace Prize. Her story of bravery and determination in the face of extremism is more timely now than ever. * This is an abridged, illustrated chapter book edition of *I AM MALALA* (Malala's bestselling young adult memoir), made suitable for readers aged 7 and up. This edition features black and white line art and age-appropriate extra content after the main text. * Written as a letter from a father to his daughter, *Yo Soy Muslim* is a celebration of social harmony and multicultural identities.

Winner of the 2014 Nobel Peace Prize In 2009 Malala Yousafzai began writing a blog on BBC Urdu about life in the Swat Valley as the Taliban gained control, at times banning girls from attending school. When her identity was discovered, Malala began to appear in both Pakistani and international media, advocating the freedom to pursue education for all. In October 2012, gunmen boarded Malala's school bus and shot her in the face, a bullet passing through her head and into her shoulder. Remarkably, Malala survived the shooting. At a very young age, Malala Yousafzai has become a worldwide symbol of courage and hope. Her shooting has sparked a wave of solidarity across Pakistan, not to mention globally, for the right to education, freedom from terror and female emancipation.

In this intimate and extraordinary memoir, Ziauddin Yousafzai, the father of Malala, gives a moving account of fatherhood and his lifelong fight for equality – proving there are many faces of feminism. “Whenever anybody has asked me how Malala became who she is, I have often used the phrase. ‘Ask me not what I did but what I did not do. I did not clip her wings’” For over twenty years, Ziauddin Yousafzai has been fighting for equality – first for Malala, his daughter – and then for all girls throughout the world living in patriarchal societies. Taught as a young boy in Pakistan to believe that he was inherently better than his sisters, Ziauddin rebelled against inequality at a young age. And when he had a daughter himself he vowed that Malala would have an education, something usually only given to boys, and he founded a school that Malala could attend. Then in 2012, Malala was shot for standing up to the Taliban by continuing to go to her father's school, and Ziauddin almost lost the very person for whom his fight for equality began. *Let Her Fly* is Ziauddin's journey from a stammering boy growing up in a tiny village high in the mountains of Pakistan, through to being an activist for equality and the father of the youngest ever recipient of the Nobel Peace Prize, and now one of the most influential and inspiring young women on the planet. Told through intimate portraits of each of Ziauddin's closest relationships – as a son to a traditional father; as a father to Malala and her brothers, educated and growing up in the West; as a husband to a wife finally learning to read and write; as a brother to five sisters still living in the patriarchy – *Let Her Fly* looks at what it means to love, to have courage and fight for what is inherently right. Personal in its detail and universal in its themes, this landmark book shows why we must all keep fighting for the rights of girls and women everywhere.

And even if she never found a magic pencil, Malala realized that she could still work hard every day to make her wishes come true. Every mistake is an opportunity to make something beautiful. This is the central idea of *Beautiful Oops!*, Barney Saltzberg's beloved bestseller—and now *My Book of Beautiful Oops!*, an interactive journal for young artists, takes that principle into unexpected new directions. A hands-on journal that's meant to be personalized—drawn in, painted on, torn up, smudged, or otherwise artistically wrecked—*My Book of Beautiful Oops!* is filled with folded, crumpled, die-cut, and lift-the-flap pages that will challenge the reader's sense of play. The friendly green alligator from the first book prompts the reader: Bend a page. Decorate a smudge. Play with splats and spills. Even complete a poem that was accidentally ripped in half. *My Beautiful Book of Oops!* champions imagination, play, and the courage to express oneself. It's about self-forgiveness, about turning off that inner critic that clamors for perfection. And it's about freedom—the freedom to be creative and follow your curiosity wherever it goes. That's a lesson to celebrate. Badger likes to keep the forest tidy: but just look what happens when his tidying gets out of control. Badger likes everything to be neat and tidy at all times, but what starts as the collecting of one fallen leaf ends with the complete destruction of the forest . . . until he realizes the error of his ways, replants the trees, and order (or rather a happy, refreshing disorder) is restored. This is a story of comedy and pathos with a loveable, if rather misguided, creature at its centre: the ecological message is clear, but lightly handled. While you watch in horror as his mania for tidiness takes over, poor perplexed Badger's predicament and eventual change of direction will touch your heart. The freshness and vibrancy of the illustrations, the endearing charm of the animal characters, and the many deft comic details throughout make this a very special book. With a breathtaking series of die-cuts from the jacket

through to the title page, once you enter this forest, you'll never want to leave.

This is the true, inspiring story of Malala Yousafzai, a young Pakistani girl who was shot by the Taliban for speaking out for every child's right to education. Malala spoke before the United Nations on her 16th birthday in 2012, just nine months after she was shot. "A stirring and timely book." --New York Times After her father was murdered, Maria escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. **** In her powerful new book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces some of the people behind the statistics and news stories about the millions of people displaced worldwide. Malala's experiences visiting refugee camps caused her to reconsider her own displacement -- first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, which is part memoir, part communal storytelling, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys -- girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person -- often a young person -- with hopes and dreams.
