Management Control Systems helps students to develop the insight and analytical skills required of today's managers. Students uncover how real-world managers design, implement, and use planning and control systems to implement business strategies.

Management Control Systems by Anthony, Robert N., Govindarajan, Vijay and a great selection of related books, art and collectibles available now at AbeBooks.co.uk.

Robert N. Anthony is the Ross Graham Walker Professor Emeritus of Management Control at Harvard Business School. Professor Anthony has been a director of Carborundum Company and Warnaco, Inc., both Fortune 500 companies; for 25 years he has been a trustee of Colby College, including five years as chairman of the board.

A management control system is a system which gathers and uses information to evaluate the performance of different organizational resources like human, physical, financial and also the organization as a whole in light of the organizational strategies pursued. Management control system influences the behavior of organizational resources to implement organizational strategies. Management control system might be formal or informal.
