Managing technology innovation. Insights for technology companies on driving to innovation. Insights for technology companies on driving, measuring, fostering and overcoming barriers to innovation. Transformational technologies are no longer viewed as just a way to keep up with trends and competitors. They are now viewed as a key driver of innovation.

### **Managing technology innovation - KPMG United Kingdom**

Technology innovation moves rapidly and does not adhere to the annual review and funding schedule that most organizations follow. This makes it difficult for companies to decide which transformational technologies to adopt, when to adopt them, and how to integrate them with, or even replace, existing systems. It makes sense, then, that for the second year in a row, the Chief Information Officer (CIO), who see their role becoming more strategic, was named the top driver of innovation in KPMG ...
