The second and third Korotkov sounds have no known clinical significance. ... Traditionally, the systolic blood pressure is taken to be the pressure at which the first Korotkov sound is first heard and the diastolic blood pressure is the pressure at which the fourth Korotkov sound is just barely audible. However, there has recently been a move ...

During the First Temple period (1200-586 BC), the First Temple was built in 1000 BC by King Solomon after King David conquered Jerusalem and made it his capital. The Temple was destroyed in 586 BC by Nebuchadnezzar, the King of Babylon, when he conquered Jerusalem. There are scant remains of the temple on the south hill of the City of David.

First person is direct and personal. Second person is aimed at the audience, as in advertising (“You should buy this car now!”), or is quite informal, as in e-mails to a friend (“So, you know how it is when you don’t have any money?”). Third person doesn’t target anyone, and so it’s the most distant and universal.

For coursework submissions, wherever possible, first and second markers should assign marks and provide written feedback based on Candidate Number or Student Record Number only. 6. Where coursework assessments include formative submissions, tutorials and/ or in-class feedback, it is recognised that full anonymity will not always be possible or desirable.

Businesses of all sizes can claim 100% FYAs on capital expenditure on a car provided that: the car is ‘unused and not second hand’, and is first registered on or after 17 April 2002;

The first and second conditional in English refer to a present or future situation. Generally, the difference between the two forms depends on whether a person believes that a situation is possible or unlikely. Often, the condition or imagined situation is ridiculous or clearly impossible, and in this case, the choice between first or second ...

There are lots of gears in a manual transmission system. There is 1st gear, 2nd gear, 3rd gear, 4th gear, 5th gear, reverse gear, and sometimes a 6th gear. There is also a hub gear which goes between 1st gear and 2nd gear, and then 3rd gear and 4th. If any one of these gears becomes damaged or worn out, then you will have trouble shifting them.
