Singapore Math Review and Buying Guide for Homeschoolers

Primary Mathematics vs. Math in Focus - Singapore Math Source

The Singapore Maths Teacher

Singapore math (or Singapore maths in British English) is a teaching method based on the national mathematics curriculum used for kindergarten through sixth grade in Singapore. The term was coined in the United States to describe an approach originally developed in Singapore to teach students to learn and master fewer mathematical concepts at greater detail as well as having them learn these ...

Full Singapore Math review, with everything you need to know to decide whether Singapore Math is right for your homeschool. Includes FAQ, advice on which edition to use, and more.

SASMO is a math olympiad contest that stretches not only the brightest students but is aimed at instilling confidence for all students. The contest is designed in a way to make every student love Math again.

Singapore Math fans now have another choice!. Like the original Singapore Primary Math series, Math in Focus (MIF) is especially strong in developing conceptual understanding. It differs from the original Singapore series in that it is also aligned with the NCTM (National Council of Teachers of Mathematics) standards... the math standards that prevail in the U.S.

Why Former Kumon Math Teachers Prefer Thinkster Math Math in Focus Math Curriculum - Christianbook.com

Singapore Math Teaching Strategies and Materials

One of the most Frequently Asked Questions I get is, "What's the difference between Primary Mathematics and Math in Focus?" (It usually comes right after "Wait, there's more than one version of Singapore Math?"). Primary Mathematics and Math in Focus are the two principle textbook options for schools considering the Singapore Math® program.

Singapore Math
