If these problems persist it may be necessary to have a mechanic check the wiring to the electric window motors and the performance of the parts. Summary. If you do experience any of the listed problems with your Mazda 6 then it's often worth getting a second opinion before taking on any work yourself, unless you are a good, confident mechanic. Many of the problems we've listed can be solved by yourself, however the most common problem we've listed is the clogging of the DPF.

### Common Issues with the Mazda 6 - BreakerLink Blog

Mazda 6 problems. I have owned a 2014 Mazda 6 auto Tourer now for nearly a year and travelled over 20k in this time. I have had a couple of issues. Firstly, prior to a scheduled service at around 38k, I had an oil warning light flash up regarding the oil pressure. The advice being to stop driving and contact Mazda Service.
