It's the same thing that you are talking about that probably came with your book, but instead of Med-Surg, this is Peds. The MEd-surg ones weren't too bad, but I don't think I learned anything from them. They took a lot of time and I feel that I could've better spent that time reading. The Peds ones are ridiculously hard and not well organized.

I purchased this brand new with an unused access code. I did not realize that in order to use this, I had to have a course ID from an instructor in addition to the access code to open the online portion. If you're just buying this book to help you through but its not required, you will not have a course ID. The access code does not work without it.
