Henry Seton Merriman was the pseudonym of Hugh Stowell Scott, an English novelist.

An unconventional woman trapped in a conventional marriage, Martha Quest struggles to maintain her dignity and her sanity through the misunderstandings, frustrations, infidelities, and degrading violence of a failing marriage. Finally, she must make the heartbreaking choice of whether to sacrifice her child as she turns her back on marriage and security. "A Proper Marriage" is the second novel in Doris Lessing' s classic Children of Violence series of novels, each a masterpiece on its own right,

and, taken together, an incisive and all-encompassing vision of our world in the twentieth century.

Popular perceptions of executive compensation in the United States are now part of a full-blown mythology fueled by critics who have little direct experience with the inner workings of corporations, their boards, and the executive teams who ultimately shoulder the responsibility for business success or failure. This book documents the realities of executive compensation by investigating the extent to which the pay for performance model governs executive pay levels. It also assesses the relative success of this model in creating value for shareholders and robust job growth for U.S. workers and provides detailed, real-world guidance for designing and executing effective executive compensation plans. Based on extensive empirical research and decades of direct experience in the field, Myths and Realities of Executive Pay settles the debate about executive compensation and the role it plays in the broader U.S. economy.
