Milliman Health Trend Guidelines | Milliman | Worldwide

Milliman criteria or care guidelines are a set of health care standards and clinical practices that help determine the preferred course of treatment in medical situations. The standards appear in the Milliman Care Guidelines and encompass extensive

research and analysis of treatment results that health care practitioners submit.

Evidence-based care guidelines from MCG help providers and health plans drive informed care in their own work and through the conversations that connect them. Our clinical editors analyze and classify peer-reviewed papers and research studies each year to develop the care guidelines in strict accordance with the principles of evidence-based medicine.
