Modern East Asia a Brief History - AbeBooks

A Short History of South East Asia1 - Stanford University

South East Asia is taken in this history to include the countries of the Asian mainland south of China, from Burma in the west to Vietnam in the east and the islands from Sumatra in the west to the Philippines and New Guinea in the east. It does not include Taiwan (Formosa), whose history seems to be more naturally part of that of China.

East Asian History is an international refereed journal publishing scholarly research on all aspects of historical studies in East Asia. This new online format enables authors to include sound and film files and photomedia within their articles, enlarging the journal's scope into fields of historical documentation, such as cinema or

The History of East Asia encompasses the histories of China, Japan, Korea, Mongolia and Taiwan from prehistoric times to the present.

Modern East Asia details the history of the region while recognizing the intellectual, religious, artistic, economic and scientific contributions East Asians have made to the contemporary world. The three national narratives of China, Japan and Korea are told separately within each chapter, and the text emphasizes connections among them as well as the unique evolution of each society, allowing readers to experience the individual countries' histories as well as the region's history as a whole.

Modern East Asia: A History explores the history of China, Japan, Korea, and Vietnam from the late eighteenth century to the present. The text presents information on each country individually and also demonstrates how historical trends within each nation are linked.
