Multiplication War Card Game. Posted by: Jen Wieber. If it's one thing I learned in the classroom, it is that the majority of students will respond positively to competition play. I found this awesome card game on Amazon and the girls play it everyday now. They even love to play this game with their papa.

INTRODUCTION : #1 Math War Multiplication Game Cards Publish By Stephen King, Multiplication War Card Game Multiplicationcom multiplication war is a card game that has been around since i can remember and since i am now 40 years old that is debatably a long time but im still young next to this long loved game card games are the

CARD FEATURES. 56 cards: 54 game cards, 1 answer cards, 1 parent card ; For ages 8+ Large 3.0" x 5.575" cards with easy-to-sort rounded corners ; Reinforce multiplication facts and tables ; Develop speed, accuracy, and confidence ; Portable and perfect for on-the-go learning! EXCELLENT - Math is more fun with learning games! This Multiplication Math War Game Cards pack includes 52 game cards, 1 Answer Card, and 1 Parent Card with rules

and game ideas.

Start with a target number such as 20. Both players turn over 2 cards. First, find the sum of the 2 cards, then subtract that sum from the target number. For example, turn over 4 and 9. Step 1: $4+9=13$ Step 2: $20-13=7$; Multiplication War: Deal the entire deck to all players. Each player turns over 2 cards to find the product. The player with the greater product (or lower product — you decide!) wins.
