With more than 30 million books sold, the My Weird School series really gets kids reading! In the eighteenth book in the My Weird School series, Mrs. Yonkers, the computer teacher, is the nerdiest teacher in the history of the world. She can type with her feet! She buys foam cheeseheads off eBay! She even puts a Webcam on a turtle! Is she trying to take over the planet? Perfect for reluctant readers and word lovers alike, Dan Gutman's hugely popular My Weird School series has something for everyone. Don't miss the hilarious adventures of A.J. and the gang.

Harry has always admired the famous escape artist Houdini. And when Houdini asks for help in coming back to life, it seems like an amazing chance...or could it be Houdini's greatest trick of all? Eleven-year-old Harry Mancini is NOT Harry Houdini--the famous escape artist who died in 1926. But Harry DOES live in Houdini's old New York City home, and he definitely knows everything there is to know about Houdini's life. What is he supposed to do, then, when someone starts texting him claiming that they're Houdini, communicating from beyond the grave? Respond, of course. It's hard for Harry to believe that Houdini is really contacting him, but this Houdini texts the secrets to all of the escape tricks the dead Houdini used to do. What's more, Houdini's offering Harry a chance to go back in time and experience it for himself. Should Harry ignore what must be a hoax? Or should he give it a try and take Houdini up on this death-defying offer? Dan Gutman is the award-winning author of series including My Weird School, The Genius Files, and the baseball card series, including Honus & Me. He uses his writing powers for good once again in this exciting new middle grade novel. Named a New York State Great Read by the Empire State Center for the Book!

Presents facts, brief stories, photos, and illustrations showing that fact can be as weird as fiction.

'If you really want to hear about it, the first thing you'll probably want to know is where I was born and what my lousy childhood was like, and how my parents were occupied and all before they had me, and all that David Copperfield kind of crap, but I don't feel like going into it, if you want to know the truth.' The first of J. D. Salinger's four books to be published, *The Catcher in the Rye* is one of the most widely read and beloved of all contemporary American novels. 'The handbook of the adolescent heart' *The New Yorker*

With over 10 million books sold, the My Weird School series really gets kids reading! The ability to put thoughts into writing is an essential skill vital to success in school—from elementary school through college. Bestselling author Dan Gutman helps kids master this important skill with his fun, informative writing guide, *My Weird Writing Tips*. Dan offers tricks for spelling hard words, understanding the difference between similar words like “its” and “it’s,” and conquering grammar stumbling blocks like commas and apostrophes. He also teaches readers how to write an engaging story, in line with the grades 2–5 Common Core goals for writing a narrative. With illustrated appearances from A.J. and Andrea, stars of his bestselling *My Weird School* series, and with his trademark wacky sense of humor, Dan makes learning the writing and storytelling basics so fun kids will forget they’re learning. A hurricane ends A.J.'s vacation in Bermuda early and forces him and his family to stay at Andrea's house, where he fights with Andrea and has to go back-to-school shopping. Then their parents send them to the weirdest day camp ever.

With more than 30 million books sold, the My Weird School series really gets kids reading! In this fifth book in the laugh-out-loud *My Weirdest School* series, the students of Ella Mentry School are in for a surprise. Mr. Cooper is sick, and that means A.J. and the gang are getting a substitute teacher—crazy Miss Daisy! Now that she’s back, she’s weirder than ever. Instead of learning, she wants the kids to eat bonbons all day. And she thinks that germs are out to get her. Will third grade ever be normal again? Perfect for reluctant readers and word lovers alike, Dan Gutman's hugely popular *My Weird School* series has something for everyone. Don't miss the hilarious adventures of A.J. and the gang!

"Double the facts means twice the fun with A.J. and Andrea from *My Weird School!*" --

A.J. thinks that nothing can possibly be as boring as a sleepover in the natural history museum. But anything can happen when Ms. Krup is in charge. The tour guide says that dinosaur skeletons come to life in the middle of the night. Is she right?

The truth is often stranger than fiction. Need proof? In England, in the 1880's, 'pants' was considered a dirty word. Statistically you are more likely to be attacked by a cow than a shark. The sun loses close to a billion kilograms of weight every second. An office desk has 400 times more bacteria than a toilet. A rhinoceros horn is made of compacted hair. Phobophobia is fear of fear. 'Twinkle Twinkle Little Star' was written by Mozart. There are 1001 cool, freaky, funny, fabulous, foul, frightening, far-out, fascinating, first-class, phenomenal, fantastic facts here for you amusement and edification!

"Enter a vanished world: Jackson, Mississippi, 1962. Where black maids raise white children, but aren't trusted not to steal the silver. There's Aibileen, raising her seventeenth white child and nursing the hurt caused by her own son's tragic death; Minny, whose cooking is nearly as sassy as her tongue; and white Miss Skeeter, home from College, who wants to know why her beloved maid has disappeared. Skeeter, Aibileen and Minny. No one would believe they'd be friends ; fewer still would tolerate it. But as each woman finds the courage to cross boundaries, they come to depend and rely upon one another. Each is in a search of a truth. And together they have an extraordinary story to tell..."--Cover.

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados.The Spanish Love Deception is an enemies-to-lovers, fake-dating.

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships—but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

A.J. and his fellow third graders from Ella Mentry School, including new student Alexia, go on a field trip to the zoo, where they meet a very strange zookeeper.

Ella adopts Meatball, a bulldog abandoned at his mother's veterinarian office.
