Devoted to those practitioners of the art of short fiction, this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works. In a single volume, Reference Guide to Short Fiction features often-studied authors from around the world and throughout history, all selected for inclusion by a board of experts in the field. Reference Guide to Short Fiction is divided into two sections for easy study. The first section profiles the authors and offers personal

and career details, as well as complete bibliographical information. A signed essay helps readers understand more about the author. These authors are covered: -- Sandra Cisneros -- Nikolai Gogol -- Ernest Hemingway -- Langston Hughes -- Gabriel Garcia Marquez -- Salman Rushdie -- Jean-Paul Sartre -- Edith Somerville -- Eudora Welty -- And others

Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works, including: -- "The Hitchhiking Game", Milan Kundera -- "The Swimmer", John Cheever -- "The Dead", James Joyce -- "A Hunger Artist", Franz Kafka -- "How I Met My Husband", Alice Munro -- "Kew Gardens", Virginia Woolf

This one-stop guide also provides easy access to works through the title index.

From its headwaters on the southern slope of the Tennessee Valley divide near Dahlonega to its confluence with the Oostanaula to form the Coosa in Rome, the Etowah is a river full of interesting surprises. Paddle over Native American fish weirs and past the Etowah Indian Mounds, one of the most intact Mississippian Culture sites in the Southeast. See the quarter-mile tunnel created to divert the Etowah during Georgia's gold rush and the pilings from antebellum bridges burned in the Civil War. This guide offers all the information needed for even novice paddlers to feel comfortable jumping in a boat and heading downstream, including detailed, accurate maps; put in/take out and optimal river flow information; mile-by-mile points of interest; and an illustrated natural history guide to help identify animals and plants commonly seen in and around the river. A fishing primer offers tips to understand the habits of some of the many native fish species found in the

Etowah, from trout in the river's upper reaches to bass and bream in the midsection and catfish and drum below Lake Allatoona. Along the way, river explorers will come to understand the threats facing this unique Georgia place, and the guide offers suggestions for how to take action to help protect the Etowah and keep its beauty and biodiversity safe for future explorers. A Wormsloe Foundation nature book.

"Neil Young's Pono campaign was the third most successful hardware campaign of all time, and Alex deserves much of the credit, second only to Neil, of course. The Crowdsourceress will give

you everything you need to make your campaign a success." --Phil Baker, COO, Pono "Owning The Crowdsourceress is like having Alex Daly's 'special sauce' right at your fingertips."--Jesse Reed, co-founder, Standards Manual In recent years, the crowdfunding industry has generated several billions in funding. But the harsh reality is that around 60 percent of Kickstarter campaigns fail. Enter Alex Daly, a crowdfunding expert who has raised over \$20 million for her clients' campaigns. She has run some of Kickstarter's biggest projects-TLC's newest album, Neil Young's audio player, and Joan Didion's documentary. In this book, Daly takes readers deep inside her most successful campaigns, showing you how to Get fans and influencers excited about your launch Build an appealing and powerfully designed campaign Access proven video tips, pitching tactics, press releases, and rewards ideas Avoid the most common headaches and pitfalls Here you'll get tangible tools to run your own crowdfunding campaigns and fully connect with the crowd, get people to pay attention, and inspire them to act. With the proven formula that EMOTIONS ARE THE POWER BEHIND our thoughts and actions, comes on the heels of the highly recognized self-help DVD titled The Secret by Rhonda Byrne that proclaims thoughts are our power, as opposed to the emphasis being on that of emotions. The Secret along with many other notable self-help books are helping a lot of people and yet, according to Neil Fiore, PhD, a Berkeley, Calif.-based psychologist "It can cause people greater stress by worrying if they're causing cancer by having the wrong thoughts and emotions." Karen LaVoie, author of Life ABSOLUTES agrees with the aforementioned statement. This is one of the factors that sets her book apart from other

self-help books. Life ABSOLUTES gives the complete formula for life to everyone willing to apply it, and live it life long commitment. What this book offers is not a quick fix solution or sweep your emotions, thoughts or troubles under the carpet and pretend they do not exist. Instead, it gives the reader the ability to powerfully and quickly acknowledge them, gain greater wisdom from every life situation, by finding the positive in the situation while turning it into an opportunity for mastery. This program is about accountability and taking charge once and for all how one chooses to react to persons, places, situations, things and opportunities, eventually removing them permanently from their life. The corner stone to Life ABSOLUTES is the understanding that a persons emotions are 4 times more powerful than their thoughts. So once a person starts acknowledging his or her emotions and gaining mastery over them, his or her thoughts and actions follow in suit. When a persons emotions are positive, the thoughts and actions are the same. Thus, creating, manifesting and or attracting a positive outcome. Everyone is accountable for their choicestheir emotions, thoughts and actions. And our choices start with our emotions. NOT our thoughts. The quote so overly used for many years has been, As a man thinketh, so is he. The quote actually reads as follows, As a man thinketh in his heart, so is he depending on the bible you use as your source. The valuable word heart was used to provide this useful truth. Our emotions are our power. Life ABSOLUTES, clearly, precisely and simply gives examples and drawings explaining the Law of Attraction Like Attracts Like. So the reader understands their accountability to life in a guilt free way and yet, is still accountable to all

life. Be Selfless. NOT the gratification of the quick fix, the EGOMe, ME, ME. All life. We are all of one energy. The Law of Life is put forth in great detail in this book: Energy qualified with emotions (through our attention: sight, touch, smell, taste and hearing) triggers thoughts, which triggers actions, which equals an outcome, is one a person must apply, live and BE should they want positive results outpictured in their life. The law of attraction is not about one just sitting and visualizing money and money falls out of the sky, one must be in service to life. However, visualization is very important. There is an entire chapter dedicated to this truth. Life ABSOLUTES is a perfect blend of quantum physics in action and spiritual awareness that we are not an island. Whether you believe in God, higher beings or the big bang theory, this book is for you. It is masterfully balanced. Truthful. Honest and fluff-free. While being practical, conversational, inspiring and evoking a few laughs. This book covers mastery of: personal self, professional self, taking charge of ones well-being while creating more successes whether they be emotional or tangible. Whether they be financial, personal, professional or spiritual. This instruction manual for life works for anyone and everyone seeking a more joyful, harmonious, abundant, stress free and blessed life. About the Author. The formula put forth in this book saved her life.

The Public Investment Management (PIM) Reference Guide aims to convey country experiences and good international practices as a basis for decisions on how to address a country-specific PIM reform agenda. The country references are drawn largely from previous diagnostics and technical assistance reports of the World Bank. The application of country diagnostics and assessments has revealed

a need to address the following issues when undertaking a country reform in PIM:

- Clarification of the definition and scope of public investment and public investment management
- Establishment of a sound legal, regulatory, and institutional setting for PIM, making sure it is linked to the budget process
- Allocation of roles and responsibilities for key players in PIM across government
- Strengthening of guidance on project preappraisal, appraisal, and selection-prioritization procedures and deepening of project appraisal methodologies
- Integration of strategic planning, project appraisal-selection, and capital budgeting
- Management of multiyear capital budget allocations and commitments
- Efforts to address effective implementation, procurement, and monitoring of projects
- Strengthening of asset management and ex post evaluation
- Integration of PIM and public-private partnership (PPP) in a unified framework
- Rationalization and prioritization of the existing PIM project portfolio
- Development of a PIM database and information technology in the form of a PIM information system.

The PIM Reference Guide does not seek to provide definitive answers or standard guidance for the common PIM issues facing countries. Nor does it seek to provide a detailed template for replication across countries: this would be impossible given the diversity of country situations. Instead, each chapter begins with an overview of the specific reform issue, lists approaches and experiences from different countries, and summarizes the references and good practices to be considered in designing country-specific reform actions.

This Reference Guide takes the form of a Fountainhead Encyclopedia with several independent sections: a complete character dictionary; a dictionary of relationships between characters; a lexicon of the book's buildings and media outlets; a catalogue of the novel's various groups and associations; a timeline of the book's events; a classification of Ayn Rand's symbols; and a directory of the Fountainhead's locations. Besides organizing most of the Fountainhead's facts logically, this Reference Guide also provides a table of Ayn Rand's fiction & nonfiction, a spreadsheet of works by Objectivist Intellectuals, and a glossary of architectural terms. It also analyzes some of the book's themes with reference to plot-specifics. So that Fountainhead scholars can cite neutral book facts to support their intellectual - hopefully objectivist - positions.

The experts from MacWorld help you choose, buy, and use the best of: desktop publishing, word processing, System 7, hardware options, and more. Also includes networking and video.

"Understanding Your Users is an easy to read, easy to implement, how-to guide on usability in the real world. It focuses on the "user requirements gathering" stage of product development and it provides a variety of techniques, many of which may be new to usability professionals. For each technique, readers will learn how to prepare for and conduct the activity, as well as analyze and present the data - all in a practical and hands-on way. The techniques can be used together to form a complete picture of the users' requirements or they can be used separately to address specific product questions. These methods have helped product teams understand the value of user requirements gathering by providing insight into how users work and what they need to be successful at their tasks."--BOOK JACKET.

The integrated library system (ILS) plays a central role in every library's operations, but is your ILS optimized to ensure maximum productivity? Are you taking advantage of the features added since you implemented it? Walking readers through a wide-ranging ILS review, this book will help you ensure systems are properly configured, produce better documentation, and evaluate staff workflows. The authors—a director of collections and content and a director of user experience—created a comprehensive plan for reviewing an ILS, starting with planning the project and deciding whom to include. They discuss basic ILS security principles, including keeping patron data safe and the importance of reviewing staff permissions. After the basics, the authors go in-depth on reviewing codes and figuring out how different parts of an ILS work together as well as how to review those areas, and they offer ideas on how to stay up-to-date with your ILS, such as where to look for information on issues, updates, and new features. Several methods for analyzing and documenting workflows are also discussed.

José Angel Gutiérrez is the firebrand civil rights leader of the 1960s and 70s who succeeded in making a minority-based political party a reality in Texas and various other states. In 1970, Gutiérrez led the Raza Unida Party to stunning victories in Crystal City, Texas, and surrounding communities, with Mexican Americans winning all contested seats on the city council and school board, seats held for decades by Anglos. One of the four great leaders of the Chicano Movement, Gutiérrez, along with César Chávez, Reies López Tijerina, and Rodolfo "Corky" Gonzales, made national calls for militancy and unity, penned nationalist manifestoes, and forced political and educational reform at national and regional levels. Despite Gutiérrez's total commitment to the cause, he found time to write in order to share his political wisdom. Originally self-published during the head of the Chicano Movement, *A Gringo Manual on How to Handle Mexicans*, now expanded and revised, is a humorous and irreverent manual meant to educate grassroots leaders in practical strategies for community organization, leadership, and negotiation. With tongue in cheek, Gutiérrez attacks the authorities and sacred cows that caused Chicanos anxiety for decades. The manual is a classic in Chicano politics and as a political self-help recipe book. It remains as relevant today as when it was originally published in the early 1970s.
