Buy Intercultural Communication: A Contextual Approach by Neuliep, James W. on-line on Amazon.ae at best prices. Fast and free shipping free returns cash on delivery available on eligible purchase.

Intercultural communication is in a way the 'interaction with speakers of other languages on equal terms and respecting their identities'. Identity and culture are also studied within the discipline of communication to analyze how globalization influences ways of thinking, beliefs, values, and identity, within and between cultural environments.

In the fully updated Seventh Edition of Intercultural Communication: A Contextual Ap-

proach, bestselling author James W. Neuliep provides a clear contextual model (visually depicted by a series of concentric circles) for examining communication within cultural, microcultural, environmental, sociorelational, and perceptual contexts.

Synopsis. "Intercultural Communication, Fourth Edition" provides students with a clear model for examining communication within cultural, micro-cultural, environmental, socio-relational, and perceptual contexts. Each chapter focuses on one context and the combination of factors included within that context - setting, situation, and circumstances. The text also highlights influences such as values, ethnicity, physical geography and attitudes, and then examines certain means of interaction, ...

context transactions recognize the nonverbal environment, they tend to focus more on the verbal context. Moreover, the rules and expectations are explicitly outlined. Users of elaborated codes are dependent on words to convey meaning and may become uncomfortable with silence. In low- context transactions, the

communicants feel a need to speak.
