Nursing Research: Generating and Assessing Evidence for Nursing Practice, 10th Edition has been updated to incorporate new methodological advances and, to the extent possible, substantive examples used to illustrate concepts will be from articles published in 2013 to 2015. The organizational structure introduced in the 9th edition will be maintained — i.e., content focusing on quantitative research will be in Part III, and content on qualitative research will be in Part IV.

This graduate level nursing research textbook continues the expansion of coverage on qualitative research, including important issues for specific qualitative traditions such as grounded theory, phenomenology and ethnography. Developing solid evidence for practice will be emphasized throughout the text, and important evaluative concepts like reliability, validity, and trustworthiness will be ...
