Twelve-year-old Gabe doesn't know where he belongs anymore. His family is caught up in their own lives and his friends barely have time for him now that they're stars on the soccer team. In a desperate plea for attention to impress his friends after school, Gabe sets off fireworks in the woods near his house and causes a small forest fire that destroys several acres of land. In the chaos of the destruction, a coyote named Rill--tired of her family and longing for adventure--finds herself far from home. Already on animal control's watch for wandering into a backyard and snapping at a child, Rill crawls into a cave, where she nurses her wounds alone. Gabe and Rill's paths irre-

vocably cross when Gabe is tasked with cleaning up the forest through the court's restorative justice program. The damage to the land and both their lives is beyond what the two can imagine. But together, they discover that sometimes it only takes one friend to find the place where you belong.

A compelling intellectual biography of Stalin told through his personal library In this engaging life of the twentieth century's most self-consciously learned dictator, Geoffrey Roberts explores the books Stalin read, how he read them, and what they taught him. Stalin firmly believed in the transformative potential of words and his voracious appetite for reading guided him throughout his years. A biography as well as an intellectual portrait, this book explores all aspects of Stalin's tumultuous life and politics. Stalin, an avid reader from an early age, amassed a surprisingly diverse personal collection of thousands of books, many of which he

marked and annotated revealing his intimate thoughts, feelings, and beliefs. Based on his wide-ranging research in Russian archives, Roberts tells the story of the creation, fragmentation, and resurrection of Stalin's personal library. As a true believer in communist ideology, Stalin was a fanatical idealist who hated his enemies—the bourgeoisie, kulaks, capitalists, imperialists, reactionaries, counter-revolutionaries, traitors—but detested their ideas even more.

Why do we still tolerate stereotypes and discrimination based on age? This bold account of the history and present-day realities of ageism by a nationally recognized gerontologist and speaker uncovers ageism's roots, impact, and how each of us can create a new reality of elderhood. Ageism Unmasked shifts the lens, enabling us to see that we tolerate, and sometimes actively promote, attitudes and behaviors toward differently aged people that we would reject and condemn if applied to any other group. It peels back the layers to expose how cultural norms and unconscious prejudices have seeped into our lives, silently shaping our treatment of others based on their age and our own misconceptions about aging—and about ourselves. Offering an all-inclusive approach, Dr. Tracey Gendron reveals the biases behind our false understanding of aging, sharing powerful opportunities for personal growth along with strategies to help create an anti-ageist society. Ageism Unmasked will help readers let go of our desperate need to stay young... exposing how we personally, systematically, structurally, and institutionally stigmatize being old. Ageism Unmasked will help readers appreciate both the challenges and opportunities of how we all age... showing how ageism is prejudice towards both younger and older people. Ageism Unmasked will help readers reset our expectations for getting old... providing the tools to anticipate and experience elderhood as a time of renewed

meaning and purpose, empowering each of us to create our own definition of successful aging. Ageism Unmasked continues Dr. Gendron's transformative work inspiring people of all ages to embrace aging as our universal and lifelong process of developing over time — biologically, psychologically, socially, and spiritually.
