This sample essay on Child Observation Report provides important aspects of the issue and arguments for and against as well as the needed facts. Read on this essay's introduction, body paragraphs, and conclusion. As a pupil societal worker, I was required to finish a Child observation over a period of six hebdomads.

Structure your paper clearly: 1. The introduction includes an overview of the public space you observed and poses the research question. 2. The body uses paragraph divisions to signal logical shifts in time, place, behaviours, or attention to different aspects of your research question.

There's a point to the observation (one that the writer had in mind even before beginning the observation). The essay then frames the observation in a narrative format. To help you see what I mean by this, I've included comments in both essays to highlight key sections, as well as each paper's strengths and weaknesses. For both observation essay examples, my commentary is below each paragraph.

In essence, an observation essay is a form of "direct investigation," a piece of writing that requires one to observe and meticulously analyze an event, person, area, situation, concept, or phenomena.
