**Amazon.com: Customer reviews: Odd Girl Out: An Autistic ...**

Odd Girl Out offers a unique insight into the autistic mind. From childhood, Laura James knew she was different. She struggled to cope in a world that often made no sense. As if her brain seemed to run on a different operating system. An outsider in an alien, sometimes hostile, environment. It wasn't until she reached her forties that she found out why.

Odd Girl Out Quotes Showing 1-6 of 6 "People with Asperger's or autism expend a huge amount of mental energy each day coping with socializing, anxiety, change, sensory sensitivity, daily living skills and so on."

Odd Girl Out by Laura James The story of an autistic woman in a neurotypical world "What do you do when you wake up in your mid-forties and realize you've been living a lie your whole life? Do you tell? Or do you keep it to yourself?"

Laura James found out that she was autistic as an adult, after she had forged a career for herself, married twice and raised four children. Odd Girl Out tracks the year of Laura's life after she re-

ceives a definitive diagnosis from her doctor, as she learns that 'different' doesn't need to mean 'less' and how there is a place for all of us, and it's never too late to find it.

### **Odd Girl Out by Laura James - Pan Macmillan**

Laura James, now 48, details her life before and after her 2015 diagnosis in her memoir, *Odd Girl Out: My Extraordinary Autistic Life*, which released in the U.S. on Tuesday.

She is also a mother, successful journalist and last but not least, a woman on the autistic spectrum. Laura was finally diagnosed with Asperger Syndrome in her forties.
