IF YOU ARE INTERESTED IN HOW TO START TRADING OPTIONS, WITH LOW RISK, AND WITHOUT SPENDING TOO MUCH MONEY, THEN, KEEP READING... "Six classic mistakes young traders make" Cutting winners too soon Letting losers run Doing the consensus trades Bad time-management habits Not focusing on your strengths Article published on the CNBC on 17 July 2015 It's been a while, but the conclusion is the same What is the Conclusion...? Trading is hard! This because trading requires a lot of money, and the risk of losing that money is high. All these statements could be true, but keep reading and I'll explain to you how all this stuff is not always real. In most cases, people lose their money, because, basically, they are gambling. They do not approach the system with the right mindset and strategies. It is not because they are stupid or lack a cons-

science. But it is not possible to have results without studying. In this guide. We are going to explain this A step by step method with how not to gamble options. Here is what you will learn: 1. From the basics to advanced concepts 2. The right mindset for success, that will bring you from beginners to expert 3. Techniques to make the step up on other traders 4. Strategies and methods to get you first gain with options 5. How you can literally make the difference JUST implementing swing trading Even if you start from scratch, you can start trading and get results and become a good trader literally by studying and applying the concepts here NOW SCROLL UP AND CLICK ON THE "BUY NOW" BUTTON AND AVOID ALL THE BLUNDERS YOU HAVE SEEN BEFORE Important insights into effective option strategies In The Complete Guide to Option Strategies, top-performing commodity trading advisor Michael Mullaney explains how to successfully employ a vari-

ety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. The author covers everything from options on stocks, exchange-traded funds, stock indexes, and stock index futures to essential information on risk management, option "Greeks," and order placement. The book provides numerous tables and graphs to benefit beginning and experienced traders. Written by a CTA who has successfully employed various options strategies to generate market-beating returns, *The Complete Guide to Option Strategies* will be an important addition to any trader's library. Michael D. Mullaney (Jacksonville, FL) is a high-ranking commodity trading advisor who specializes in option selling strategies.

This book, geared specifically toward women, describes how to be a successful option trader, even if you hold down a full-time job or are a full-time stay-at-home mom. While option trading is definitely not a risk-free method of investment, for women who have a few hundred extra dollars that they want to use to break into investing, option trading can be a lucrative way to make money. This book explains what everything means and how to be an option trader in easy-to-understand, step-by-step ways that makes it great for the beginner or the more advanced investor. It is primarily focused on trading online and tells you what you need to know to better your chances of being successful.

Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Options trading have become an appeal-

ing option for many investors today, particularly as trading volume continues to rise and investors have decided to try new types of investments. If you want to make the most of this type of investment and are interested in trying options in lieu of or in addition to other types of investments, you'll benefit from gaining a full understanding of options and how they work.

If you're like the majority of the estimated 12 million employees in the U.S. who have stock options as a key component to their compensation packages, you have a vague notion, at best, of how options work and what they can mean to your financial well being. What's the vesting schedule for your shares and how will their strike price be set? What type of stock option grant will you receive, an ISO (incentive stock option) or an NQSO (non-qualified stock option)? What tax rules apply to your option program? Your financial future could depend on your knowing the answers to these and other questions regarding your company's stock option plan. Confused by all the brouhaha surrounding stock options? Let expert Alan Simon demystify this often-confusing investment vehicle for you. Featuring clear explanations of how your stock options might make you money—or not—this friendly guide fills you in on what you need to know to: Understand different types of stock options Read and find traps in your stock option agreement Evaluate the pros and cons of company investment vehicles Assess vesting schedules and tax laws Tap Web resources Simon demystifies the jargon, rules, and tax consequences of stock options. He provides a realistic picture of what to expect from your options, and he helps you see past the hype to understand what your employer is really offering. Important topics covered include:

What you need to know before accepting a compensation package that includes options Developing a stock option philosophy and clear-cut goals Knowing whether you're being treated fairly by your company Making sense of the language of stock options agreements Getting a handle on key restrictions on how you exercise your options Stock option valuation Tax rules and how they apply to different types of options How stock options can be affected by changes at your company Stock Options For Dummies is the only guide you'll need to get the most out of this important investment vehicle.

\*\*\* 2020 EDITION \*\*\* Do You Want to Know How to Trade Your Way to Success on the Options Market? For a beginner, the options market is incomprehensible. All that jargon, all those calculations - it's a hard game to break into and even harder to get right from the start. On the other hand, learning the ropes opens the door to an exciting new way to calculate risk, find the right investments and ultimately make your bank balance happy. Losses may exceed deposits. No system or trading approach can eliminate financial risk.

Praise for Options Theory and Trading "I've had the pleasure of teaching with Ron Ianieri at numerous live seminars for traders and investors, and one thing is for sure-Ron knows options! Now Ron has created a thorough, easy-to-read guide that you can benefit from in many ways, whether you are experienced in options trading or just starting out. I believe you will find Options Theory and Trading like Ron himself . . . full of knowledge, entertaining, fast-paced, and a joy to be around." —Price Headley, CFA, CMT, founder of BigTrends.com "I've had the pleasure of knowing and working with Ron for many years now. When managing funds in our asset management company, Ron has always been our 'go-to guy' on anything options-related. I've also taught a number of seminars side by side with Ron over the years where I've always come home knowing more about options than when I left! The man is truly the 'pitbull' of derivatives." —Peter Reznicek, Chief Equity Strategist, www.ShadowTrader.net "What a pleasure to read Ron Ianieri's new book, Options Theory and Trading. As a market technician for the last thirty-three years I am always looking for technical moves in stocks, and I rely on Ron's expertise for the optimum options strategy needed for each specific move I perceive happening in the markets. Ron's 'in the pits' experience serves to correct the misinformation in much of the published material and classes currently available to the unsuspecting options trader." —David Steel-

smith Elliott, Wallstreetteachers.com, World's #1 Market Timer, USIC "Ron's expertise in options is as high as there is and his experience is unparalleled. Ron not only knows the answer but can explain it in a '101' fashion that is simple enough for even a novice to understand. His book is written in the same fashion. Ron not only explains the 'how to's' but also the 'how and why' which other books just don't seem to do. As a day trader/swing trader by nature, I also appreciate Ron incorporating real chart examples for us directional traders. For these reasons, I would highly recommend Ron's book to anyone interested in using options." —Chris Rowe, The Trend Rider, www.tycoonresearch.com

A complete options trading tutorial-reference with brokerage selection, trading platform setup and backup, price chart analysis, popular chart studies and formations, trading rules, hands-on learning activities, trading options on futures, trading options on small accounts, an options terminology glossary, and a descriptive 78-strategy reference.

Would you like to become an expert in trading? Would you like to learn the secrets of the trade and become a successful investor? If so, this guide will show you the advanced strategies and tactics you need to succeed in Day Trade Forex, Options, Futures, and Stocks. Some people equalize trading with gambling, but that can't be farther from the truth. Trading and investing is nothing like pulling the handle of a slot machine and hoping that "lady luck" smiles upon you. If you have the right strategies, the risk can be mitigated to a minimum, and then, the return is guaranteed. The in-depth guide will teach you how to get started with trading in no time and guide you through making your first trade. Mental exercises

will show you how to think, breathe, wake up, eat and sleep like a real trader. Here is what this book can offer you: · Advanced trading strategies that increase profits and minimize risk · Complete guide to understanding the market environment · Best platforms and tools to use in trading · Mental exercises to help you develop a trader's mindset and learn to think, breathe, and live like one · And much more!

As CEO of Velez Capital Management, and cofounder of Pristine.com, Oliver Velez has dedicated his life to spreading the message that you, too, can make a living as a trader. Traders often attend his educational seminars multiple times in order to take-in the vast amount of information this legendary trader discloses. We've found that the combination of written word and visual presentation is the best way for you to master a subject. That's why this unique DVD/Course Book package is the perfect way to maximize your trading skills. It includes a full-length DVD of Velez's famed Options Trading Seminar, as well as a Course Book, where every ounce of information from the lecture has been translated into an easy-to-read, classic textbook form. You also get access to online self tests to make sure you absorb every bit of valuable information. Master the exciting, profitable niche of options trading. With this course, you'll learn: Option Trading Tactics: See how Velez uses various strategies to maximize returns, minimize risk, hedge, and speculate. Predict Price Movement Accurately: Know what stocks may do in the upcoming days and weeks. This is they only way you will make money in options. Market Analysis Strategies: Velez will show you why technical analysis is the key to options success and how to use this knowledge to take advantage of marketplace imperfec-

tions. A New Approach to Trading Psychology and Discipline: Discover the Pristine Method of "core trading" and Velez's ground breaking explanation of how the stock market works today. Develop Your Own Strategy: Create then follow a strict trading plan-one that will allow you to play the market without burning through cash! Use Option Trading Tactics Course Book, and, within no time, you'll be a more confident and profitable options trader than you ever thought possible. Are you looking for a comprehensive guide to start trading options? Do you want to start swing and/or day trading options profitably? Or are you simply seeking effective strategies to earn from options trading? If your answer to the previous questions is yes, you should read on. Begin Rightly Let's be realistic; it takes a considerable effort to learn options trading. However, the reward is way beyond the effort when learned the right way. For this reason, starting your options trading journey with a quick-start guide for beginners cannot be overemphasized. You won't get tricked into making the wrong "call" while trading with the proper fundamental knowledge. Some might consider the understanding of "call" and "put" options as basic. But getting the two concepts wrong can land you in an unrecoverable financial loss. Thus, it's essential to learn the fundamentals, which include options trading definitions, "in" "at" and "out" of the money, risk management, and fundamental strategies to trade. Besides, starting with a crash course gives you the grace to learn about possible mistakes, errors, and risks that you are likely to encounter. In this way, you have a negligible chance of losing massive funds at the beginning of your trading career - priceless advice that many of us lack during our early trading days. So, don't fall

for the quick-money tricks of starting from the top. Trade Strategically As a savvy beginner in options trading, you are best advised not to rush into trading without learning the ropes. In this case, "ropes" refer to understanding the technical analysis of options trading, options trading market, trading system, and the practical options trading strategies that will land you a profitable trade. All these fundamental information and skills will arm you with a reliable trading plan. Besides, as a beginner, you should learn about selecting brokers and relevant fees, not to mention how to connect with the right broker for yourself. Also, you should know that trading is one thing; managing your emotions and thinking is another. If you let your emotions cloud your trading judgment, there is a good chance of experiencing considerable loss - again, learning from the basics should be non-negotiable. Earn Profitably Well, I understand that the primary reason behind learning options trading for most people is to gain financial freedom. For this reason, I have detailed how to trade profitably as a beginner and exposed the secrets of swing and day-trading options. This book will guide you not only on market evaluation and effective strategies but also on how to make money using short and medium-term opportunities. Understandably, this book is quite extensive; however, you can learn notable topics such as: How to manage risk during trading Top mistakes in options trading How to develop a trading plan How to perform technical analysis. Practical and Effective options trading strategies Exit strategies to capture profits reliably Fundamental analysis of swing trading Seven-step strategies for swing trading options Money management to trade successfully Day trader psychology With this comprehensive crash course for begin-

ers, you have the perfect basis to become a profitable trader in no time. Click the "Buy Now" button to start your journey towards financial freedom.

Would you like to step into the trading world to generate an extra income at the end of the month, even if you've never invested before and know nothing about it? If the answer is "YES", then keep reading... Many people tend to think that trading is something really hard to learn, that can generate a profit only for brokers or people with years and years of experience in the field, but this couldn't be further from reality. While it's true that trading requires technical knowledge and study, it's also true that there are many different ways to prepare yourself and learn everything about it. This collection of books will help you quick-start your trading activity, and it will offer you a wealth of useful, easy-to-apply information, tips, and proven techniques that any beginner can understand, in fact, by reading this bundle you'll learn: - What Options Trading Is, And Why It Is So Great For Beginners, to understand everything about this activity, from how the options trading process works, up to technical terms and strategies, so you can have huge knowledge on the subject - How To Avoid 5 Mistakes That Beginners Usually Make, so you can know them in order to avoid them, to never have to put your money at risk while options trading - Many Practical Stock Options Trading Techniques, so you can actually put in practice what you learn and maximize the ways in which you can generate profit from your activity - How To Get Started With Day Trading, to pursue your trading activity without exposing yourself to overnight risk, to never have to face unexpected moves while the market is closed and you're sleeping - Everything About Swing Trading, from the ba-

sics, to the winning tips for swing traders, you will have an in-depth knowledge of this way of trading, which it's perfect for people that work during market hours - What's The Right Mindset For Success, to learn how to observe the market from an unemotional perspective, to be able to keep profiting even in the long run - ... & Much More! You don't have to feel intimidated by investing in the stock market, because with this collection of books you will have the key to understand everything about it, and it will bring you from zero to actually generating profit, so... ...What are you waiting for? Scroll to the top of the page and click the "BUY NOW" button to start! Josh Swing has been working in the world of finance for many years and has accumulated an ever increasing amount of knowledge. He has always advised his friends (who have been pestering him with requests since the first day he found a job as a trader) on which strategy to follow, on how to move in the financial market even as a novice and how to implement their knowledge. Hence the idea of putting in writing the advice and methods developed over the years, in order to share with a wider circle the know-how that has made him a successful trader.

Learn why stock options - a versatile investment tool that has seen explosive growth over the past few years - belong in your portfolio. If you're already trading options, this book is also for you. You will gain a thorough understanding of option pricing, function and equivalents, which will help you trade more effectively. Adopt more advanced option strategies, like iron condors and double diagonals, to help protect your nest egg and earn healthy returns. Includes chapter quizzes and accompanying CD-ROM.

Options Trading, Made Simple This is not your typical options trading book, plagued with jargon and written by Wall Street academics who are more concerned with showing off than with actually teaching you how to trade. In Options Trading For Beginners, ClydeBank Finance packages the wisdom of the Wall Street elite into a straight-forward and easy-to-read teaching tool. Options Trading For Beginners is ClydeBank Finance at its best, making complex ideas clear while endowing readers with a wealth of powerful new knowledge. Whether you're a newcomer to options trading or a grizzled veteran looking for a fresh take on basic strategy, you'll enjoy the plain-spoken style and colorful scenarios illustrated in Options Trading for Beginners. In addition to providing a solid beginner's course in options trading, Options Trading for Beginners walks you through a multitude of strategic trading decisions, showing you how a trader thinks and how he arrives at critical decisions. This book wasn't written for someone who wants to stay on the sidelines, but for the ambitious trader looking to become a formidable, sharp, and cunning options trader. You'll Learn: - The fundamentals of put and call options - How to understand and leverage intrinsic value - How to use a stock's IV (implied volatility) to inform smart trades - What you need to know about "The Greeks" - The mechanics of the short sell

Get complete instructions for manipulating, processing, cleaning, and crunching datasets in Python. Updated for Python 3.6, the second edition of this hands-on guide is packed with practical case studies that show you how to solve a broad set of data analysis problems effectively.
