### Oracle Application Express (APEX)

#### Oracle Application Express Installation Overview

Download Oracle Application Express. Support. Oracle APEX 20.1 is fully supported through Oracle Support Services on all Editions (EE, SE2, SE, and SE1) of the Oracle database, 11.2.0.4 or higher with a valid Oracle Database Technical Support agreement.

Oracle Application Express (APEX) is a low-code development platform that enables you to build scalable, secure enterprise apps, with world-class features, that can be deployed anywhere. Using APEX, developers can quickly develop and deploy compelling apps that solve real problems and provide immediate value.

#### Oracle Database Express Edition

#### Documentation - Oracle APEX

Welcome to the Oracle Database Application Express Documentation Library. Here you can research new information, look up reference information, and search across the entire library. Oracle Application Express (formerly called HTML DB) is a rapid web application development tool for the Oracle database.

Application Express Release 4.2 Documentation for Oracle Database 12c. Although Application Express 4.2 can be installed into any Oracle Database 10.2.0.4 and above, for Oracle Database 12c we have a dedicated documentation library. The majority of the Oracle Database 12c specific documentation is within the Application Express Installation Guide.

Functions as a comprehensive, task-based reference on using the Oracle Application Express devel-

opment environment. Oracle Application Express is a rapid Web application development tool for the Oracle database. Using only a Web browser and limited programming experience, you can develop professional, fast, and secure applications. Deployed applications require only a browser and access to an Oracle database running Application Express.
