### **BGCCSU - CARLA MICHAEL**

Shefali Tsabary shows that the very idea of discipline is a major cause of generations of dysfunction. "Out of Control" goes to the heart of the problems we have with our children, challenging society's dependence of discipline, daring us to let go of our fear-based ideologies and replace them with an approach that draws parent and child together instead of alienating them.

Embedded in the collective psyche is the notion that discipline is the cornerstone to achieving these goals. Out of Control offers a never-before-published perspective on why the entire premise of discipline is flawed.

### **Out of Control: Why Disciplining Your Child Doesn't Work ...**

The parent, acting the part of the warden, swoops in to dish out either a reward or a punishment. The prisoner soon becomes dependent on the warden's control to regulate their behavior. This system of rewards and punishments undercuts the child's capacity to learn self-discipline, subverting their inherent potential for self-regulation.

### **Why Discipline Doesn't Work - Kindred Media**

It's because discipline focuses on behavior, not on the feelings driving the behavior, that it undercuts the very thing we are trying to accomplish. We've been so schooled to impose "lessons" on our children that it feels counterintuitive to allow the lesson to

emerge naturally out of the situation.

### **Out of Control, Why Disciplining Your Child Doesn't Work ...**

And this, I reveal to them, is the reason why disciplinary strategies with our children backfire. We say we want to teach our children proper behavior and help them develop self-discipline. Yet instead, we have adopted strategies that are the direct opposite of teaching and instead are just clever guises of manipulation and control.

### **Out of Control Quotes by Shefali Tsabary - Goodreads**

Timeouts can be effective discipline for toddlers. A child who has been hitting, biting, or throwing food, for example, should be told why that behavior is unacceptable and taken to a designated time-out area - a kitchen chair or bottom stair - for a minute or two to calm down (longer timeouts are not effective for toddlers).
