Praise For Overbooked: The Exploding Business of Travel and Tourism... "Elizabeth Becker has found a giant gap in journalistic coverage and stepped squarely into the middle of it. Even though it's under our noses, beneath our feet, even in our happier dreams, rarely has the investigative story she recounts in her new book previously received the coverage it deserves: The rampant growth of travel and tourism."

21st century tourism is a massive industry that can support or destroy cultural treasures, the environment and economic prosperity. Becker's analysis spans the globe from China to Costa Rica to Zambia and examines the underbelly of luxury consumerism. Interesting.
