The Oxford Handbook of Business History has brought together leading scholars to provide a comprehensive, critical, and interdisciplinary examination of business history, organized into four parts: Approaches and Debates; Forms of Business Organization; Functions of Enterprise; and Enterprise and Society.

OUP Oxford, Aug 25, 2011- History- 672 pages. 0Reviews. The Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world. In recent decades,...

The Oxford Handbook of Oral History brings together forty authors on five continents to address the evolution of oral history, the impact of digital technology, the most recent methodological and archival issues, and the application of oral history to both scholarly research and public presentations.

The Oxford Handbook of the History of Education (Oxford Handbooks): Rury, John L., Tamura, Eileen H.: 9780199340033: Amazon.com: Books.

The science and practice of psychology has evolved around the world on different trajectories and timelines, yet with a convergence on the recognition of the need for a human science that can confront the challenges facing the world today. Few would argue that the standard narrative of the history of psychology has emphasized European and American traditions over others, but in today's ...

The Oxford Handbook of the History of English takes stock of recent advances in the study of the history of English, broadening and deepening the understanding of the field. It seeks to suggest ways to rethink the relationship of English's past with its present, and make transparent the variety of conditions and processes that have been instrumental in shaping that history.

The Oxford Handbook of Early Modern European History, 1350-1750 provides an account of the development of the subject during the past half-century, but primarily offers an integrated and comprehensive survey of present knowledge, together with some suggestions as to how the field is developing. It aims both to interrogate the notion of 'early ...

The full collection of Oxford Handbook series, which provides peer-reviewed research articles from scholars in the field of

archaeology, business & management, classical studies, criminology & criminal justice, economics & finance, history, law, linguistics, literature, music, philosophy, political science, psychology, and religion.

Analytic philosophy is now generally seen as the dominant philosophical tradition in the English-speaking world, and has been so from at least the middle of the twentieth century. Over the last two decades, its influence has also been steadily growing in the non-English-speaking world. One sign of this is the proliferation of societies for analytic philosophy around the world.
