In certain circumstances (e.g. COVID-19 response) it may be necessary to take additional measures to clean or disinfect the product. Epson is recommending the below listed procedure in addition to the normal cleaning procedures provided in the Epson technical reference or user guides to clean and disinfect the surfaces of Epson products as a temporary solution.

Epson's SC-P5000, SC-P10000 and SC-P20000 printers are fitted with an anti-static cloth on the paper slot, to prevent dust entering the printing zone. Dust can periodically accumulate on this cloth, reducing its effectiveness, so the cleaning sheet is designed to remove this, quickly and easily.
