YUPIJO - KAYDEN MIGUEL

Pediatric Palliative Care & Medicine | Cleveland Clinic ...

Pediatric Palliative and Hospice Care | NHPCO
Like palliative care, hospice provides comprehensive comfort care as well as support for the family, but, in hospice, attempts to cure the person's illness are stopped. Hospice is provided for a person with a terminal illness whose doctor believes he or she has 6 months or less to live if the illness runs its natural course.

Pediatric palliative care nursing - PubMed
Abstract. Palliative care is patient- and family-centered care that enhances

quality of life throughout the illness trajectory and can ease the symptoms, discomfort, and stress for children living with life-threatening conditions and their families. This paper aims to increase nurses' and other healthcare providers' awareness of selected recent research initiatives aimed at enhancing life and decreasing suffering for these children and their families.

Pediatric Palliative Care: Easing Your Child's Suffering
