### **Philip Mohr Understanding Macroeconomics Understanding Macroeconomics by Philip Mohr | The Student Shop**

This second edition of Understanding macroeconomics is a comprehensive revision and restructuring of the first edition, but still against a contemporary South African background. The major changes include the following: the chapter on money has been expanded and moved forward, and the material on the Keynesian model has been consolidated in two separate chapters, instead of being spread over ...

Understanding Macroeconomics is a comprehensive introduction to macroeconomics, set against a contemporary South African background. The easy style and many practical examples make the content extremely accessible. This book covers all the material usually prescribed for introductory courses, and it lays a solid foundation for intermediate and advanced studies in economics. The emphasis is on...
