Social philosophy is the study of questions about social behavior and interpretations of society and social institutions in terms of ethical values rather than empirical relations. Social philosophers place new emphasis on understanding the social contexts for political, legal, moral, and cultural questions, and to the development of novel theoretical frameworks, from social ontology to care ...

For example, while moral philosophy is concerned with what's right, epistemology focuses on the nature of knowledge. Metaphysics, on the other hand, deals with determining what exists. However, you don't need to do a Ph.D. to obtain a grasp of philosophy that's adequate for engaging people at a dinner party, impressing co-workers and helping you understand the universe a little bit better.
