Photo manipulation can give your magazine a dramatic, creative, and provocative visual boost that can generate higher sales. That's why it's tempting to change photographs to maximize their ability to grab eyeballs. However, controversy can often result, which can inflict long-term damage if readers feel duped.

Adding textures to a photo manipulation project is a fast way to create the depth of detail that we

see in real life. In fact, using textures created from real life is one of the fastest ways to accomplish that. Instead of trying to meticulously paint in every wrinkle of a piece of leather for a book, ...
