Get to know the exact topics that you need to study for each GED test component. Here is a checklist of topics included in the GED exam. Use this list as a guide when studying for the GED subject test. Answer our practice test once you have studied all these topics: Physical Science

The Department of Basic Education has pleasure in releasing the second edition of Mind the Gap study guides for Grade 12 learners. These study guides continue the innovative and committed attempt by the Department of Basic Education to improve the academic performance of Grade 12 candidates in the National Senior Certificate (NSC) examination.

We recommend that you study both the subjects listed on our GED Science study guide as well as the most elementary principles of science to familiarize yourself as much as possible prior to taking the exam. While your knowledge does not have to be anything approaching encyclopedic, you should have at least a rudimentary idea of each subject.
