For the "Film School, Film Careers" special in our upcoming Summer 2016 issue, we asked three indie moviemakers to chronicle a week of their lives in April: of work, family life and yes, endless emails. First up, Julia Halperin, a director living in Austin, Texas. At the time her diary was written, Halperin is deep [...]

Product Information. Pi follows the efforts of genius Max to identify numerical patterns that will explain the universe. Eventually, Max hits on a 216 digit sequence which not only predicts a Wall Street crash but, if the Hassidic Jew in his coffee shop is right, holds the key to the identity of God himself.
