Pierre Koenig, FAIA (1925-2004) Pierre Koenig is one of the most recognizable names in California Modernism. He designed one of the most iconic and photographed houses in the world, the Stahl House (Case Study House #22) in the Hollywood Hills. Yet he and his work went far beyond that single house, helping to define Modern architecture as we know it.

Pierre Koenig 1925-2004: Living With Steel | Amazon.com.br

With his two innovative houses for the famous project of the Arts and Architecture magazine, American architect Pierre Koenig (1925-2004) became one of the leading figures of the Modern movement in America. While still a student of architecture, he designed and built his first exposed steel house in 1950, proving that the use of prefabricated materials could allow for spatial freedom in ...
