Special illustrations: The eighth edition includes many new illustrations and brain scans, particularly in the later chapters, to stimulate student interest and clarify important points. The illustrations in Biopsychology were designed by Pinel and his artist/designer wife, Maggie; thus they are the perfect complement to Pinel's written words.

Pinel attributes much of his success to his wife Maggie who is an artist and professional designer. Over the years, they have collaborated on many projects, and the quality of Biopsychology's illustrations is largely attributable to her skill and effort. The defining feature of Biopsychology is its unique combination of biopsychological science and personal, reader-oriented discourse. Rather than introducing biopsychology in the usual textbook fashion, it interweaves the fundamentals of the field with clinical case studies, social issues, personal implications, and humorous anecdotes. It tries to be a friendly mentor that speaks directly to ...
