Whether these gifted tattooists are creating a modern twist on a classic archetype, or pushing the boundaries of the future primitives aesthetic, innovation is the common goal. Featured tattooists include; Troy Penning, Alex McWatt, Brian Randolph and Chris ODonnell of New York Adorned, Scott Campbell, Daniel Trocchio, Steve Boltz, Bert Krak, Henry Lewis, Joseph Ari Aloji, Jason Schroder, Eli Quinters and more.

Three months ago, I was standing in the pouring rain, reading my best friend's sorry, but I can't make it text, looking for some way to salvage my birthday. And he was there. Nick. The tall, handsome stranger in a three piece suit. He offered me his coat. He invited me to his room. He possessed all of me: heart, body, soul, then, in the morning, he was gone. For three months, memories of him lingered in my mind. The earthy cologne. The rough brush of his stubble. The low, deep groan as he buried himself in me. For three months, my heart ached for another chance to whisper promises in his ears. Yesterday, I interviewed for an internship I need desperately. Today, my new boss called me into his office. And there was Nick, in his three piece suit. His dark eyes fixed on mine as he dragged out his words. "Ms. Wilder, is there anything you need?" My dirty

boss wants me. But he has rules about this kind of thing. I have to choose: the job that keeps me with my family or the man who holds the key to my heart.

He's my best friend's older brother, off limits and incredibly tempting. I shouldn't peak into Brendon's sketchbook, even if the tattoo artist is as brooding and stoic as the day is long. I can't help myself. I peel it open, run my fingers along the paper, soak up every ounce of him. His drawings are as beautiful and bold as his dark eyes and his cocky smile. Only, there, on the third page—that's no tattoo mockup. That's me. Naked. Ready. Waiting in his bed. There's no denying it—those are my blue glasses, my green eyes, my flushed cheeks. Brendon wants me. The smoking hot, ten thousand miles out of my league bad boy wants me— a good girl virgin with thick glasses and no game. It's perfect. Only it's not. He's my best friend's older brother. He's off limits. But damn is he tempting.

Good girls don't date rock stars. They certainly don't

have rock star f-buddies. Still a virgin at 21, Meg Smart walks a straight and narrow path. She aces her classes, excels at her part time job, and carefully avoids trouble--no drinks, no drugs, and especially, no boyfriends. Rock star Miles Webb doesn't do "boyfriend." He skips over intimacy and love in favor of easy distraction--a beautiful woman under him, screaming his name. Meg is drawn to the pain in his gorgeous, tortured voice. But the man she hears on the radio is nothing like the player she meets at a mutual friend's house party. When she walks in on one of his trysts, she's embarrassed enough to die. His merciless teasing leaves her blushed and frustrated, but she's intrigued by his wit, his confidence, his casual offer to give her a night she'll never forget. Neither of them wants a relationship, so they strike up an arrangement: They'll be friends with benefits, nothing more, nothing less. There are only three rules: no secrets, no feelings, no falling in love. Only neither one of them can quite abide by the terms. ***Sing Your Heart Out is a full-length, standalone new adult romance.*** Sinful Sere-

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improv-

ing and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

A bestselling author-illustrator duo join forces to create a modern father-son love story. The father tells his little son the story behind each of his tattoos, and together they go on a beautiful journey through family history. There's a tattoo from a favorite book his mother used to read him, one from something his father used to tell him, and one from the longest trip he ever took. And there is a little heart

with numbers inside—which might be the best tattoo of them all. Tender pictures by New York Times bestselling illustrator Eliza Wheeler complement this lovely ode to all that's indelible—ink and love. Plus, this is the fixed-format version, which looks almost identical to the print edition!

Bossy. Heart of stone. Snarly mess next door. Send help before I'm prick-matized... My next big mistake has a name. Warren Ford. Best kept secret in this weird little town. An alpha's alpha. Spartan abs. Too blunt for everybody's good. Moody, broody, mysterious, and totally up in my business. I thought Heart's Edge would be safe. No two timing exes. No pink slips. No hulking, loud, inked up - Oh. Right. Leave it to a badass to bring the drama piping hot. Then he goes and saves a cat who means the world to my little niece. Making me a mushy little puddle of wishes. Wishing I didn't know his savage kiss like my own reflection. Or how erasing tears must be his superpower. Wishing I'd never poked his scary past. Or heard him growl when he swears it's not our future. There's no way this works. He's no white

knight. I'm no princess. I need to go. He says stay. Even our sheet-ripping nights can't work miracles. Only an answer as the danger closes in. Is Warren my perfect slice of hero? Two prisoners form a bond in this "powerful" novel that reveals the darker side of Hawaii (Time Out Chicago). Ken Hideyoshi is the new guy in Halawa Correctional Institute. He's tough looking, a hard case. His cell-mate is Cal—the mute tattoo artist of the prison who murdered his own wife. Ken, already inked with a gang symbol and a Japanese emblem, eventually asks Cal to create an elaborate tattoo on his back, in kanji script, of Musashi's Book of the Void. While he is being worked on, he tells Cal his life story. Motherless, he was raised by a distant father, a Vietnam War veteran, in the impoverished hinterlands. In his teen years he hung out with the native Hawaiian gangs and was drawn into the Hawaiian-Korean underworld of strip bars and massage parlors. As Cal's artistry takes shape on Ken's back, the story of Ken's life takes shape as well—a tale of hardship and abuse, ambition and

proud samurai spirit, and, ultimately, his downfall, in this gritty novel about "the other Hawai'i, the one tourists never get to see" (Ian MacMillan).

I'm married to a rock star. And I don't even know his last name. Bella
 There's a tall, tattooed man in my bed. Not any tall, tattooed man. He's a rock star. A sex god. And now he's my husband. Last night, I married Joel. It's ridiculous. I'm a good girl. I don't get into trouble. I don't look twice at bad boys. I can't stay married to a rock star. But there's something about Joel. Not just the way his green eyes light up when he smiles, or the way he makes me laugh, or the way he makes me shake with pleasure—I'm not sure I can walk away. Joel
 Bella Chase is a challenge. With the tight bun and the cute cardigan, she's as prim and proper as they

come. My only plan for the night is getting her under me, screaming my name. Filling her with so much pleasure she begs me to stop. I didn't plan on marrying her. But now that she's my wife, I'm not about to let her go.

An emotional love story that follows the touch-and-go relationship of Hayden and Tenley; two young people who desperately want to love and be loved but are afraid to completely let go of their pasts. Yet for all her beauty, there is something darkly tragic and damaged about Tenley that Hayden is everything. Covered in ink and steel, Hayden is everything Tenley has never dared to want, awakening a desire to explore more than the art adorning his stunning body. Trapped by a past that leaves her screaming from nightmares, Tenley sees Hayden as the perfect escape. Although he has secrets too, if they both

keep themselves guarded perhaps their intense physical connection will remain only that. But nothing, not even passion, can keep them safe from their pasts...

It's all fun and games in Vegas, until you accidentally marry your best friend. Last night, I mar-

ried Jules. That's right, I married the girl who thought I had cooties in fourth grade. Yeah, we drank a few too many shots of tequila. We danced a little too close. But nothing prepared me for the taste of her lips. All of a sudden, we were in a borrowed limo (don't ask), ripping each other's clothes off, whispering dirty promises. Then I was on one knee, asking her to make it forever. And she was saying yes. This morning, everything changed. She wants to erase our night. Go back to normal. Only there's no more normal. I'm acutely aware of her long legs, her soft curves, her sweet moan. Mistakes be damned. She's my wife. Come see why readers say "no one writes broken bad boys like Crystal Kaswell."

At least thirty-seven per cent of male convicts and fifteen per cent of female convicts were tattooed by the time they arrived in

the penal colonies, making Australians quite possibly the world's most heavily tattooed English-speaking people of the nineteenth century. Each convict's details, including their tattoos, were recorded when they disembarked, providing an extensive physical account of Australia's convict men and women. Simon Barnard has meticulously combed through those records to reveal a rich pictorial history. Convict Tattoos explores various aspects of tattooing—from the symbolism of tattoo motifs to inking methods, from their use as means of identification and control to expressions of individualism and defiance—providing a fascinating glimpse of the lives of the people behind the records. Simon Barnard was born and grew up in Launceston. He spent a lot of time in the bush as a boy, which led to an interest in Tasmanian history. He is a writer, illustrator and collector of colonial artifacts. He now lives in Melbourne. He won the Eve Pownall Award for Information Books in the 2015 Children's Book Council of Australia's Book of the Year awards for his first book, A-Z of Convicts in Van Diemen's Land. Con-

vict Tattoos is his second book. 'The early years of penal settlement have been recounted many times, yet Convict Tattoos genuinely breaks new ground by examining a common if neglected feature of convict culture found among both male and female prisoners.' Australian 'This niche subject has proved fertile ground for Barnard—who is ink-free—by providing a glimpse into the lives of the people behind the historical records, revealing something of their thoughts, feelings and experiences.' Mercury 'The best thing to happen in Australian tattoo history since Cook landed. A must-have for any tattoo historian.' Brett Stewart, Australian Tattoo Museum

I should stay away. She's my subordinate. She's off

limits. But there's no way in hell I can resist her.

Tracy Lorraine's Inked is a heart-wrenching, emotionally charged, steamy, contemporary romance written in K. Bromberg's Driven Worlds project. Some might say I'm running... I say I'm embarking on the life I've always dreamed of. It's all I have left. LA is everything I hoped it would be—a distraction from the life I'm desperate to escape. Fresh air and a fresh start. A chance to rediscover myself. But before I can do that, I discover her. Harlow Winters. She falls into my lap, and everything changes. The artist in me recognizes her beauty. The broken man relates to the darkness threatening to consume her. Suddenly, the future isn't quite as daunting. I'm trying to escape my past... but she refuses to let hers go. With the scars of our past inked onto our skin and tattooed on our hearts, can we salvage a future under the weight of our memories, or will they crush us both?
