There are multiple exams, interviews, assessments, physical tests and reference checks all of which you need to pass to enter law enforcement. This guide is your opportunity to learn firsthand from past and present police recruiters how to successfully pass each stage in the hiring process, impress the department you are applying for and begin your career. This police preparation book is specifically designed for Canadians and is one-of-a-kind. A number of current and retired police officers in Canada have collaborated together to compile the most thorough, current, and relevant information that deals with preparing police applicants to pass each recruiting selection stage. Working as the sergeant in charge of the recruiting section, he was directly responsible for overseeing police applicants throughout the hiring process, and making final decisions on who to hire. Cst. Paul Tyler is a former police recruiter with one of the biggest city police departments in Canada who has years of experience in testing and interviewing applicants. Their experience and guidance is invaluable to those wanting to become a police officer in Canada. This book will specifically help you with: 1. Pre-Application Preparation: What to watch out for and stay away from. Learn what past behaviours are acceptable or are too much to overcome. 2. The Written Exams: Whether you are writing the RPAT, the RPAB, the PATI, the WCT, the ACT or AP-CAT, the SIGMA, or your police organization's specific written exam, you will need to know how to prepare and what to study. 3. You will need to know the best training techniques to achieve the best results and times. 4. The Interviews: Whether participating in a panel interview, a one on one interview, or both you need to be prepared. This book will give you a failsafe formula to not answer each question thrown at you, but to impress your interviewer with thoughtful and articulate responses. 5. The Polygraph: Learn what the polygraph examiners will be looking for when they interview, analyze, and test you. 6. Psychological Assessment: Being in the right frame of mind is crucial for this assessment. 7. Personal/Situational Assessments or Practical Exams: Yes you can prepare for these exams,

despite what you have heard. Learn the do's and don'ts when undergoing this type of testing. 8. Background/Field Investigations: Learn how to prepare and what to expect at this stage. If you work hard and know how to prepare for each of these stages, you will blow the competition away! After reading and using the advice and guidance supplied in this book, you will be in a different class than your competition, and reach your goal of becoming a Police Officer in Canada.

Turbulent times. Economic disruptions. Wars and civil strife. Hidden and secret cabals. Global elites. Mysterious symbols. Missing money. Surveillance and microchips. Where is the world heading? Just who has control, and what are their goals? While we are assured by our leaders that global treaties and international organizations such as the International Monetary Fund and United Nations are wholly benign and beneficial in nature, are they actually the foundation for an authoritarian world government? Are powerful cabals and front organizations orchestrating political and financial events in a nefarious attempt to destroy individual nations and achieve world domination? Uncovering more than 200 events, organizations, people, symbols, pop-cultural references, and other examples underlying suspicions of the looming New World Order, *The New World Order Book* reveals and uncovers the truth behind the disconcerting reasons for the rapidly expanding militarization of the police; the increase in doctors prescribing mood-changing drugs to the nation's children; the manipulative actions of the Illuminati and the Freemasons; population control; the surveillance of social media, emails, and phone calls; Project Blue Beam: an alleged, top secret program to create a faked alien invasion; the rise of a so-called Fourth Reich; the further expansion of the Patriot Act; suspicious deaths; "end times" scenarios; banking elites; and the microchipping and tracking of the human population; to name just a few. Tracing the power and destructive effects of the global elite and their plots, *The New World Order Book* exposes their unpleasant reach into the daily operations of today's world. It also includes a helpful bibliography and an extensive index, adding to its usefulness.
