16 / Post-Scarcity Anarchism preconditions of freedom have expanded beyond the most generous dreams of the past, so too has the vision of free-dom. As we stand on the threshold of a post-scarcity soci-ety, the social dialectic begins to mature, both in terms of what must be abolished and what must be created. We Post-scarcity is a theoretical economic situation in which most goods can be produced in great abundance with minimal human labor needed, so that they become available to all very cheaply or even freely. Post-scarcity does not mean that scarcity has been eliminated for all goods and services, but that all people can easily have their basic survival needs met along with some significant ...

### Post Scarcity Anarchism

Post-Scarcity Anarchism is a collection of essays by Murray Bookchin, first published in 1971 by Ramparts Press. In it, Bookchin outlines the possible form anarchism might take under conditions of post-scarcity. One of Bookchin's major works, its author's radical thesis provoked controversy for being utopian in its faith in the liberatory potential of technology.

### Post-Scarcity Anarchism (Working Classics): Murray ...

Post-Scarcity Anarchism is a curious book because in some respects it feel

outdated -- the post-1968 assertion that revolution is just around the corner -- and in others it's well ahead of its time -- Bookchin is an idealist, and on a certain level that hurts this book -- instead of detailed solutions there's flowery prose about affinity groups and ecological justice.

The absolute negation of the state is anarchism—a situation in which men liberate not only "history," but all the immediate circumstances of their everyday lives. The absolute negation of the city is community— a community in which the social environment is decentralized into rounded, ecologically balanced communes.
