From the day it was released in 2000, *Keeping a Nature Journal* has struck a profound chord among professional, casual, and occasional naturalists of all ages. In response to this groundswell of enthusiasm, we have revised *KEEPING A NATURE JOURNAL*, updated the interior design, and created a new cover. Undoubtedly the most exciting new element in this second edition is a portfolio of 32 illustrated pages from Clare Walker Leslie's most recent journals, reproduced in full color. What makes *KEEPING A NATURE JOURNAL* so popular? It is inspiring and easy to use. Clare and co-author Charles Chuck E. Roth offer simple techniques to give first-time journal-keepers the confidence to go outside, observe the natural world, and sketch and write about what they see. At the same time, they motivate long-time journal-keepers to hone their powers of observation as they immerse themselves in the mysteries of the natural world. Clare and Chuck

stress that the journal is a personal record of daily experience and the world around us. Nature's beauty can be observed everywhere, whether in the city, suburbs, or country.

The young reader may fill in the appropriate personal data to complete his "very own" autobiography.

Connecting with our kids should be easy, right? We spend hours together under the same roof, but somehow, the art of having a meaningful conversation has been lost. We can blame it on all the tech gadgets and video games and tv shows we want, but the burden of connecting doesn't go away. In a little as 5 minutes a day, author and mother of 6, M. Susan T. Whitehead has provided a simple and FUN journal for parents AND kids to enjoy. Designed for ages 6-14, this book includes fun questions like "If you could ask to never eat 2 foods ever again, which ones would you pick?" or "If you were a spy, what would be your spy name and why?" There's also more serious questions like "When you're feeling sad, what can I do to help you feel better?" and "What would you do if you saw someone steal something at a store?"

Younger kids who can't write yet can still doodle on the pages or have a parent write out their answers. Drawing from the seemingly endless questions the author's kids have asked through the years, this journal is sure to get you and your kids laughing, doodling (every page has space for drawing) and CONNECTING like never before. Will it change your family life forever? Possibly, but what it WILL do is allow you and your kids a fun way to interact beyond asking what they did in school and what they want for dinner. Making time to sit and talk about the questions answered by parent AND child (yes, mom or dad do have their own page to answer on) will make this simple book a treasured keepsake.

Only a child so quick-witted as Clemency Pogue, upon finding herself attacked by a wicked, invincible fairy, would remember a lesson learned from the story of Peter Pan. But then a mischievous hobgoblin arrives to tell Clem that she's killed six other fairies around the globe, some bad, but mostly good. Even if it was a mistake, it's now Clem's duty to set the world aright. In his hilarious, action-packed debut novel, JT Petty does for burlap pants what holes have done for Swiss cheese.
