The recipe was published by a woman named Mary Jewry and it appeared in both books she compiled for her publisher, Warne. She doesn't note her source, but I haven't been able to find this recipe in any other books of the same period, except in a handwritten recipe book I bought at an auction.

It's a popular history, not academic, told through the retro stylings of the author. A hybrid of genres that is a delight to read and very usable to cook (though I would protect it by keeping it out of the kitchen). Great for those interested in food history (even if not particularly puddings) as well as who actually want to make puddings.
